THE SEVEN SPHERES

Considering the Godhead as a Sun, there are, surrounding and enfolding this Central Focus of Intelligence Seven Mighty Spheres of Consciousness, each one separated from the other by its own periphery line which forms the natural boundary of that particular Sphere. These Seven Spheres might be called the Aura of God, each one inhabited by Great God Intelligences, all intent on doing The Father's Will, expanding His Kingdom and His Consciousness.

The development and unfoldment of His Kingdom is accomplished by the rhythmic release of pulsating waves of His Own Divine Consciousness, within which are the spiritual germs of all form and manifestation from the smallest blade of grass to the most brilliant star with its Cosmic tone.

As these God Ideas pass from Sphere to Sphere in ever widening circles, They are absorbed by the Beings and Intelligences within each one, Their Shining Glory modified by the vibratory action of the natural elements within that Sphere. They then pass outward on Their course to the next Sphere and the next, ever journeying onward toward manifestation in the World of Form... Their Glory mercifully dimmed to a point where the Beings of the next Sphere can best absorb Their Blessings.

A constant modification of the God Light—a constant clothing of the God Consciousness—is

achieved in each Sphere so that God's Ideas become embodied in the atomic substance of each sphere in orderly sequence, and eventually reach the Seventh Sphere or Etheric Realm where they await precipitation into the physical world of form.

I

The First Sphere represents the Heart of Creation Itself. The Great Beings who form the Directive Intelligence of this Sphere are known as The Manus of the human race. The Master who activates Their Will in the World of Man is called The Chohan of the First Ray, Morya El. It is His Service to Life to carry the God Ideas and Directives from the Godhead into the minds of Those Beings in the Second Sphere who clothe them in actual workable form. In this First Sphere also abide the Seven Mighty Arch Angels who have volunteered to guard and protect the envolving human race. Here, is born every idea, design, plan and blessing which will one day manifest in the physical world. Its Inhabitants are Beings whose service to life is to embody these God Ideas and carry them on their outward course to the periphery of The First Sphere, and here entrust them to the waiting Messengers of the Second Sphere.

What finite mind could conceive of the beauty, the perfection, the

joy and happiness of these ideas! Here live the Cherubic and Seraphic Hosts, Messengers of the Most High, bathing in the Fire of Creation, embodying Its Essence in Their Very Selves and then, begins the great Cosmic Ritual of Cosmic Precipitation of the Blessings of Heaven from Realm to Realm, which will take Them in time to the furthest borders of The Kingdom and the periphery of the Seventh Sphere. Containing the purest essence of Divinity within Their Shining Selves, They swing outward in Their Cosmic Course, carrying the Light of Heaven into the consciousness of the beings in the Second Sphere.

II

The Celestial Inhabitants of the Second Sphere most lovingly receive The Cosmic Messengers and the Ideas from God's Heart, assimilate them, clothe them in the substance of Their Own Great Light and the universal light substance which forms the atmosphere of This Sphere, and they—in turn—pass them onward to the receptive consciousness and atmosphere of the Third Realm.

In this Second Sphere, the God ideas and patterns of future greatness are moulded into form through the use of the creative powers of the Higher Mind Force... thus the seed of the Father fall on fertile ground (Intelligent Individual Conscious-

"GRACE BE UNTO YOU, AND PEACE... FROM THE SEVEN SPIRITS WHICH ARE BEFORE HIS THRONE."
JOHN (REV 1:4)

ness) and begins to take definite form in the world of Divine Thought.

The God Intelligence Who governs this Second Sphere is The Lord Buddha, who, together with His Great Brother, Lord Maitreya, interpret the God ideas from the First Sphere through the formulation of World Religions and Faiths. Their Representative, the Chohan of the Second Ray, Kut-humi Lal Singh, further consolidates Their Cosmic Service through the educational channels both of the Inner Spheres and the physical appearance world as well.

So great is the wealth of the Father's Outpouring, that this essence must keep rushing onward, clothed in intelligent thought patterns, ever desiring to give of itself in rhythmic blessings. Thus the Third Sphere is alerted to receive of the Divine Outpouring.

III

In the Third Sphere, the glory and radiance of the Second Sphere has already clothed the Divine Immanence in thought patterns, so that it is better assimilated by the vibrating consciousness of this Realm. These God Ideas are ensouled with life and become living, pulsating foci of "things to come". This is the Realm of the Holy Spirit under the direction of that Great Cosmic Representative of the Third Person of the Trinity, whom we know by the title of Maha Chohan.

In this Third Sphere, life essence is imparted to the thought forms descending from the First and Second Spheres. Until thought is clothed with the life through the feeling nature, it does not become a living, vital force so far as expression in the physical world is concerned. Thus, the Third Sphere vitalizes all manifestations which will ever externalize on the planet earth.

The activity of the Third Sph-

re, like the prism, divides the spiritual rays through which flows the life which makes thoughts become things, actualized, and the radiation and gifts of the Third Ray proceed through the five subdivisions of this Great Ray into the physical world of form. The Great Chohans of these Five Rays, therefore, work under the supervision of their Overlord—the Maha Choan.

The First subdivision of the Third Ray is under the direction of the Chohan known as Paul, The Venetian. His Cosmic Service to life is to receive the blueprints or divine thought forms which contain within themselves world movements, as well as simple individual blessings for the human race, and, dividing them as to their subject matter and potential service to life, He gives them to the Chohan in charge of the dispensation of those specific activities. These Chohans in turn, project them from Their Spheres of Activity into the world of form through conscious or unconscious human intelligences who are open to Their Cosmic Impressions and Influence. Thus, the Venetian becomes the Outpost of the Maha Chohan, and the step-down transformer of His Energies so far as channeling the blessings of God through the proper facets in the World of form.

IV

A group of Beings from the Third Sphere joins the Cherubic and Seraphic Hosts as they prepare to pass outward with the living, embodied thought forms, into the Fourth Sphere of Conscious life. Again, a great diffusion of spiritual effulgence takes place, a richer radiation pours through the atmosphere of the Sphere of Visitation. The Divine Ideas pulsate through the electronic substance and are absorbed by any receptive consciousness within the Fourth Sphere.

The Great Chohan of the Fourth Sphere is known as the Master, Serapis Bey. The developed thought forms of the First and Second Spheres, endowed with life of the Holy Spirit in the Third Sphere, finds its first point of contact with the individual consciousness of unascended beings in this realm. The far greater majority of Divine Arche-type (Presences) dwell within this Fourth Realm. Here, the God Ideas-Patterns, Designs-are received by these Christ Egoes, and developed by Them through centuries of endeavor, and projected by Them into the world of men through their own physical personalities or through advanced pupils functioning in lines of endeavor similar to those being developed and perfected with this Realm. Those Ideas not ensouled by Conscious Intelligences in the Fourth Realm pass onward, carried by the Seraphic and Cherubic Hosts and the escort of Honor from the Fourth Realm, into the consciousness of the waiting Beings of the Fifth Realm.

V

Within the Fifth Realm, the seed of the Father, particularly in connection with scientific discoveries, inventions and medical research, is scattered and received by the Receptive Consciousness of Those engaged in this endeavor in the Temples of Science that are active within this Sphere, and from these Temples they are directed into the minds and hearts of those selfless men and women who are working in these avenues on earth. The Great Chohan of the Fifth Realm is known as the Master Hilarion, who was Saint Paul of biblical days.

As the Fifth Sphere pulsates with the essence of Godliness, we see that the blessings are no whit lessened, and that even as we watch, the glorious energies await transmission into the Sixth Sphere to

"THERE WERE SEVEN LAMPS OF FIRE BEFORE THE THRONE, WHICH ARE THE SEVEN SPIRITS OF GOD." JOHN (REV 4:5)

widen their circle of manifest expression.

V I

Within the Sixth Sphere, we find the causative centers of the Christian Religion, wherein devotional and emotional worship are the particular fount through which the spiritual energies are being released to bless the human race. Here dwell the great Celestial Choirs, the Highest Heaven of orthodox thought, and from this beautiful Sphere flows the inspiration of those men and women who have responded to the "high calling" of religious leaders and who are "leading their sheep" to the best of their ability.

The Great Chohan of the Sixth Sphere is the Master Jesus, and through the Temple Services, both He and Mary, His Mother, bathe the Christian World, the Devas who guard and protect the churches erected in His Name, and all who have accepted the Christ, in the spiritual essence of Their Divine Christhood.

As the Cherubic and Seraphic Hosts make ready to bring the blessings of the Father into the Seventh Realm, we realize that this is by natural destiny the periphery of the Kingdom and that the Third Dimensional World of today has sunk below this boundary line of safety.

V I I

It is to the Seventh Realm, and

its Great Chohan, known as the Master Saint Germain, that we must look for the contact between the outer consciousness and the divine patterns of the Will of God and His Messengers. The Seventh Sphere holds within itself the etheric pattern of every manifestation of the God Plan which has been lowered rhythmically through the Six Preceding Spheres and which awaits expression in physical form. It is the First Sphere above the human octave of limitation and imperfection into which the soul ascends on its journey back to the Heart of God.

It is, therefore, the office and responsibility of the Chohan of the Seventh Ray to provide a way and means by which mankind may again unite its consciousness with the Inner Spheres, and become individual conductors of the Divine Perfection from these Spheres through the consciousness of the outer self.

This Realm is literally "bursting" with all the good things that have been handed down from one Sphere to another.

Because of the resistance and refusal of the outer consciousness of man to accept the Divine Plan of God, the Etheric Realm has not been able to pass on the blessings and glories that have descended from the Higher Pheres, and thus complete the outgoing rhythm of creative endeavor. Any member of

the human family may offer his consciousness to the Chohan of the Seventh Ray and ask that his individual self may be an outlet for the blessings and perfection contained within It.

Every man, woman and child that lives on the earth today, or who will come here in the future, has a Divine Presence, a God Pattern, an Arche-type, that dwells in one of the foregoing Seven Spheres. Each such incarnate lifestream is meant to be a radiating center of the spiritual force from the Inner Sphere where his Presence dwells. He must understand that his own Higher Self is actually living and serving life in one of these Spheres, developing certain God Designs picked up by Its Higher Consciousness, which Designs await the receptivity of the outer mind in order to find expression in the world of form.

The present characteristics of the individual, no matter how poorly developed, are indicative of the Ray and Sphere to which he rightfully belongs, and as the individual purifies his own world he will raise the vibratory action of his being to its most powerful and perfect expression through his personal self, and also become a radiating center of the Spiritual Force from the Sphere in which His Presence dwells and which has a beneficent effect upon all life around him.

THE KARMIC LAW

By D. T. MARCHES

It is unfortunate for the sake
of man's more speedy evolution on
this planet that the Mission of the
Master Jesus has not been more
clearly understood by humanity;
people for the most part living un-
der the impression that His advent
on the earth was for the purpose
of being offered up to the One
Universal Father of Life and Love
as a Sacrifice for the sins of hu-
manity, thereby relieving them of
all responsibility for their indi-
vidual use of the life forces by
which they exist. In other words,
that the time and effort expended
by Life on their creation and sub-
sistence are without reason or pur-
pose. Witness, for example, the
acceptance by so many people of
the statement 'Believe in the Lord
Jesus Christ and you shall be
saved'.

While it is true that by reason
of Jesus' willingness to assume the
sacrifice that the role of The Christ
or Way Shower always exacts,
coupled with the fact that He had
already expiated His own karma
(which condition the Karmic Law
demands from an Aspirant for this
exalted Mission) He was granted
a dispensation whereby the suf-
ferings incumbent on His Mission
could be applied to a partial ex-
piation of the karmic debts of the
people of earth, still this did not
mean that humanity could go on
indulging in unbridled license of
their passions and eventually ride
into the Kingdom of Heaven on
the Merit of the Master Jesus,
without any conscious effort to-
wards attaining that perfection
necessary for its achievement.

His last appearance on earth,
therefore fulfilled four major ac-
complishments, the achievement of
which is necessary before any soul
can attain his ascension or liber-
ation:

1. He exemplified the Law of
Cause and Effect.

2. He manifested the Perfection
of the Christ or God Self through
His Physical Form.

3. His public death and re-
surrection proved the supremacy
of Spirit or Mind over the World
of Form.

4. His Ascension, during the
course of which He became invi-
sible to human sight, proved that
in the very atmosphere of earth
there is an invisible realm where
persons who have increased their
vibrations to reach the Christ Con-
sciousness may enter when they
have fulfilled their Divine Plan.

The occupants of this Octave
which is called The Fourth Di-
mensional Realm live in an atmo-
sphere resembling White Fire
which vibrates at a tremendously
high rate far beyond the human
range of vision. Because these
Liberated Beings cannot be seen
with the physical eye and because
mankind is not aware of the laws
governing their evolution, they
deny the existence of these, their
emancipated Brothers, and thus,
through ignorance and unbelief,
deny themselves the comfort and
help they would receive through the
radiation and love of Their Pre-
sence. Furthermore, it goes without
saying, that by denying the exis-
tence of these Liberated Beings
man nullifies the effects of his
own spiritual efforts as well as the
ultimate freedom attained through
such endeavors.

Due to the Fall of Man and his
slow upward climb to the con-
sciousness he enjoyed before his
descent, and because of the balance
each one owes to life by reason of
the misuse of energy, as well as
his unfulfilled mission, the Kar-
mic Law allows him an allotted

How to Develop Perfect Vision
From February 15 to March 14,

— 1953 —

That thou seest, man
That too become thou must.
God, if thou seest God.
Dust, if thou seest dust.

The Psalmist sings "I will lift up mine eyes unto the Hills, from whence cometh my help" (Psalm 121:1). Man has been endowed with the power of vision by which he invites and compels the object visualized into his consciousness. What man entertains in his consciousness, outpictures in his world. Through the track of the vision, each individual has the power to draw into his experience whatever he chooses to contemplate.

The Master Saint Germain has said "It is more difficult for man to endeavor to visualize a glory which his outer consciousness has not yet experienced than it is for The Presence or The Master to project into the beam of his vision the Perfect Vision as the Master sees it with His more highly developed faculties."

It would be more difficult for a blind man to visualize green grass or the blue sea, than the man who has looked upon it. Therefore, as you accept the magnetic power of your unfolding visual sense, ask The Presence and The Masters to "glorify you with His Own Self with the Glory which you had with Him before the world was." (John 17:5) Then, quietly, await The Presence so that you may incorporate Its Perfection into the very substance of the flesh. Contemplate daily.

Steadfastly facing THEE, there is no evil on my pathway.

Steadfastly facing THEE there is no limitation with its sorrows.

Lo que tú contemples, hombre
Eso tú te volverás,

El Salmista canta Alzaré mis ojos a los montes de donde vendrá mi socorro." (Salmo 121:1) El hombre ha sido dotado con el poder de la visión, mediante el cual, él invita y compele el objeto visualizado dentro de su conciencia. Lo que el hombre mantiene en su conciencia se refleja en su mando. Por medio de la visión, cada individuo tiene el poder de atraer dentro de su experiencia, cualquier cosa, que él elija contemplar.

El Maestro San Germán ha dicho: "Le es más difícil al hombre esforzarse en visualizar la gloria que su conciencia externa no ha experimentado todavía, que lo que es a la Presencia y a los Maestros, proyectar en el foco de visión, la Perfecta Visión que Ellos pueden ver con Sus altamente desarrolladas facultades.

Sería más difícil para un hombre ciego, visualizar la yerba verde o el mar azul, que al hombre que ya los ha visto. Por eso, al aceptar ustedes el poder magnético de su evolucionante sentido visual, pidan a la Presencia y a los Maestros que 'los glorifique con Su Propio Ser, con aquella Gloria que ustedes tuvieron con El, antes que el mundo fuese.'" (Juan 17:5) Entonces, tranquilamente esperen a la Presencia para que puedan unir Su Perfección a la misma substancia de la carne de sus vehículos físicos.

Was der Mensch in seinem Bewusstsein birgt, äußert sich in seiner Welt. Durch die Bahn der Vorstellung hat jeder die Macht, in seine Erfahrung zu ziehen, was immer er auch zur inneren Betrachtung wählt. Der Meister St. Germain sagte: "Es ist fuer den Menschen schwieriger, zu versuchen, sich eine herrliche Sache vorzustellen, deren Erfahrung er noch nie machte, als es fuer die "Anwesenheit" oder den Meister ist, auf den Strahl seiner Vorstellung die VOLLKOMMENE VISION, so, wie der Meister es mit SEINEN hochentwickelten Fähigkeiten sieht, zu leiten."

Es waere schwieriger fuer den Blinden, sich gruenes Grass und die blaue See vorzustellen, als fuer denjenigen, dessen Blicke es sahen. The following are the present applications before the Karmic Council to which you may add the strength of your individual petition if you find the Cause worthy:

1. The Higher Mental Body taking possession of the physical form at the age of six instead of twelve, as is now the law.
2. The visible, tangible Presence of the Ascended Masters to prepared students.
3. The complete financial freedom for all who desire to serve the Brotherhood and the Cause for good.
4. The bodies enduring, absolutely non recordant to disease for those who wish to serve the Cause for good.

The Masters of Wisdom Speak on

THE LORDS OF KARMA AND YOU

(Reprinted by request from our issue of April 1952)

The Divine Work of administering the Will of God for the peoples of earth is under the direction and supervision of Seven Great Beings, called the Chohans, or Masters of the Seven Rays, and their Over Lord the Maha (Great) Chohan. All of the activities, gifts, benefits and progress of the human race enter the world and experience of man along these Seven Rays.

This is a Permanent Section of THE BRIDGE dedicated to each of these Great Masters, through which They may forward Their Design and Current Activities through radiation, inspiration, instruction, and in any way that Their Great Wisdom sees will have a beneficial effect upon the human race.

Contemplation of each Master connects the student's life stream with the Ray which He represents and carries the particular radiation, gifts, talents and inspiration which are Its characteristics into the experience of the student, and through the student into the world.

MAHA CHOCHAN — HOLY SPIRIT The Hand of God working through Rays Three to Seven

The Law of the Circle is a stern teacher, for there is no prompter but pain and unhappiness—and much later Love! What the infant learns through experience, the mature man may learn through contemplation and observation. Energy acts on the instant... its recoil may take centuries, but return it will. This is karma, good and evil. The mantle of the Spirit of God may deflect the full impact of this return current when the soul signifies a willingness to learn the cause for his pain. Later, the awakened soul may join the transcending powers of the Higher Laws and transmute any arrested karma mercifully inanimate during his search. The deflecting, the suspension and the meting out of karma is all under the supervision of the Lords of Karma, who are authorized by the Sun Himself.

MAHA CHOCHAN

MORYA EL — FIRST RAY Divine Will and Rulership

It is time the people of earth made acquaintance with the Lords of Karma. They are the Final Authority for the lifestreams that belong to the earth. They not only supervise and direct the incarnation of the soul, but form the Judgment Council at the time of dissolution of the physical garment. They delegate each soul to its proper sphere for its sojourn between embodiments. Through them must pass all petitions and applications for dispensations to wipe out the Karma of the race and transcend the natural law of cause and effect. They are Lords of Mercy and Love and are approachable for a petition of worthy merit.

MORYA EL

KUTHUMI LAL SINGH—SECOND RAY Wisdom - Guardian of Youth

A wise and loving parent administers corrective measures only to educate the child in the principles of right and wrong. When the intelligence of the child assimilates the lesson, the need for suffering and punishment ceases to exist. Only a sadistic nature would continue unnecessary discipline. Is it not apparent that the Great Father is equally capable of waiving the judgments of karmic pain when the consciousness is awakened to the cause and has corrected its motive within? This is the Office of the Lords of Karma which I enjoy most. The wiping

ing away of the tears and sins of the world through mercy!

KUTHUMI

VENETIAN — THIRD RAY Diplomacy and Tact-Tolerante, a "Gentle-Man"

Am I my brother's keeper? Would any good man see his brother struck down if it lay within his personal power to stave off the blow? How great might the combined petitions of good men weigh in the balance before the Lords of Karma to release men from the full recoil of mass karma by changing the motivating powers behind the actions of the race!

VENETIAN

SERAPIS BEY — FOURTH RAY Art and Beauty - Hierarch of Luxor

When a member of the human race is bold enough to stand, unveiled, before the Seven Mighty Judges—impersonal and dispassionate—the Hearts of Heaven are stirred. It is seldom such an application is denied. It is one thing for a Liberated Master to request a dispensation for the people of earth, but quite another for a man to recognize a need and FURTHER the possibility of moving a natural law by self-conscious initiative and endeavor. I am ALL for that man!

SERAPIS BEY

HILARION FIFTH RAY Science and God

Scientifically speaking, the Father Himself grants dispensations of grace, surcease from wars, pestilence, famine and all the individual and universal ills that man has fallen heir to. But all applicants must pass through the Council of the Karmic Lords and show cause for the transcending of the karmic laws which are the authority over this earth. If that law is to be transcended, it must be proven beyond a doubt that such mercy will be ultimately a good thing for the race. To mitigate or destroy karmic retribution is possible. Otherwise there would be no hope or efficacy in prayer. Scientific research and medicine have temporarily alleviated pain and suffering and thus softened the karmic lash. More permanent manifestations of the transmuting of evil will be evident in the future.

HILARION

Maha Chohan

JESUS — SIXTH RAY Religious Worship Through Devotion and Reverent Feeling

A dispensation is a grant of mercy given upon a worthy request. The law of Moses can be transcended through Grace. Seemingly miraculous answers to prayer are positive proof of this fact. Herein lies the hope of man. If he were required by the God of Love to pay every jot, every tittle, the chain of evolution would be endless. It is within the right and compass of every man to petition the Father for dispensations of mercy for his fellow man. Man must show just cause for such a grant, offering himself in the gathering of the hearts of men for peace could be gathered together by any man and as a sponsor for the people. The upreaching of the hearts of men for peace could be gathered together by any man and offered as such a just cause.

JESUS

SAINT GERMAIN — SEVENTH RAY Ceremonial Worship, cultivating the training and direction of spiritual energies of both Angels and Men

Karma is merely energy qualified to act by individual or natural will moving in an outgoing and incoming circuit. The effect of this karma will be determined by the motive within the qualifying intelligence when the invisible cause was set up. The natural law is that karma, the law of cause and effect, must spend itself. If, however, the motive that has created evil karma is changed, the motivating intelligence educated, the natural law can be superseded by Mercy and the causes set into motion wiped from the screen of life even before they are apparent to aught but the inner eye. This is the promise of tomorrow and the hope of today—the power of dispensations—and the mercy of the Karmic Council.

YOUR CO-OPERATION

Present application before the Karmic Council to which you may add the strength of your individual petition if you find the Cause worthy:

To allow those great souls who have studied in the Halls of Wisdom and at the Feet of the Masters to retain a FULL, CONSCIOUS, CONSECUTIVE MEMORY of their divine origin, teachers and divine purpose after incarnating in a flesh body. That the karmic restriction that demands the voluntary loss of inner memory be removed from those pure lifestreams whom the Lords of Karma shall choose to be the Builders of the New Age.

KWAN YIN'S TEMPLE OF MERCY

February 15 through March 14, 1953.

Walking along the grassy footpath that winds gently through the rolling foothills outside of Peking, one finds the tensions and the rapid pace that make up present day living, falling away, and a Peace and Tranquility begin to fill the aura of the Pilgrim, wrapping him gently round in the invisible but palpable Presence of Love and Comfort. The placid face of nature seems to reflect this gentle Presence and the soft light of the morning sun to caress the atmosphere with the Hand of Immortal Peace. Thus is the traveler prepared for entrance into the Temple of the Goddess of Mercy and Compassion - Kwan Yin - the Immortal Presence of China's Once Great Glory and the Promise of Her Future Redemption.

Long before the green carpeted path leads the Pilgrim from the main highway, the Invisible Presence of Kwan Yin's Spiritual Attendants have quieted the whirls of energy in the mental and emotional bodies of the Visitant, and that 'Peace which surpasseth the understanding of the mind' has become the Gift of Her Love to such Pilgrims as are drawn into the Radiance of Her Temple and into the Aura of Her Love.

One comes suddenly upon the edge of the canopy of interlaced trees that form the entrance to the golden field bathed in the light of the sun. And there, in the center of this great field, the Pilgrim looks upon the graceful pagodas of the Great Patroness of the Homes of China and the Merciful Mother of Womankind.

Not one, but many of these beautiful pagodas are builded around what seems to be the Great Central Shrine. Built on a slight elevation above the rest this Shrine reflects from its Golden Roofs the light of the sun, and the other pagodas, like graceful ladies in waiting, circle it round, seeming to render it obeisance by reason of the fact that they are builded in a natural circular dip in the ground which inclines the crown of their domes just slightly toward the Central Temple.

As the Pilgrim stands for a moment looking at the beautiful Temples, representative of the Sun and His Planets, his mind goes back to the Golden Age of China when the Great Goddess of Mercy, together with Her Spiritual Court, walked and talked with the people of Her Country, and for over one thousand years ministered unto them before accepting the Freedom of Her Ascension.

In those early days, Beauty and Harmony formed the keynote of China and the entire embodiment of an individual was often invested in the carving of one miniature, in the painting of a single flower, in the weaving of one lovely Robe of State.

From all over the known world Messengers were sent to invite the Scholars, the Priests and the Teachers of China to bring their culture to the youth of all lands. The Pilgrims from every nation walked on reverent, silent feet into the Presence of the Goddess of Mercy and received Her Blessings on their petitions and requests for Heart and Home.

The Beloved Kwan Yin, with Her Ladies, visited the homes throughout Her land from time to time, carrying with her the Sacred Fire from the Home Temple, and all the peoples in the vicinity came to the Home of Visitation and brought with them braziers to receive of Her Sacred Fire to burn on the Altars of their individual homes - to protect all therein from evil, sickness and inharmony of every kind. And wherever this Fire burned no imperfect manifestation could occur - no shadow cross the threshold, no discord mar the Song of Harmony and Beauty which was the Keynote of that Day.

When the Sacred Fire was no longer tended by the hearts of the people, and when Kwan Yin answered the Call of the Presence of God and entered Her Celestial Home, the veil of maya covered the face of the Spiritual Sun and the shadows of human thinking cast their appearances across the Glorious Soul of China. From the Realms of Light Eternal, the Heart of Kwan Yin poured Its Love upon Her peoples and finally she secured a Dispensation whereby, through chosen disciples, She might re-vivify the Powers of the Temple of Mercy and draw again the Sacred Fire of Compassion into Her land. This was done through the dedication of the lifestreams of The Brothers and Sisters of Humility, who, embodiment after embodiment, drew forth the present beauty of this Spiritual Shrine and the Sacred Fire which burns within It, and who, by their constant, vigilant, watchful service, sustain and expand it to this Present Day.

Here, in the Glory of Her Ascended Body, the Goddess of Mercy again breathes upon the Sacred Fire of Mercy, and the Cosmic Lotus of Compassion expands through the inner atmosphere of China, and from China, shall again cover the earth.

As the Pilgrim walks through the Golden Domed Pagoda, he feels the essence and substance of Mercy and Transmutation passing through his bodies, intensifying that relaxation and purification which he experienced when he first set foot upon the path leading to the Temples.

The great hand carved doors of the Temple are open and one can see the silent Brothers and Sisters within moving about their appointed tasks, clothed in the mauve silken robes into which have been delicately embroidered the symbols of their particular Office and Service in the Community.

No word is ever spoken in the Temples proper and the members of the Community speak only in the performance of their duties when necessity requires worded expression.

Entering the Temple, the Pilgrim feels the Peace of the Silence which has not been desecrated by spoken words for centuries of time. A soft, violet light permeates the atmosphere and upon the carved ivory Altar burns the Sacred Fire held within a Lotus Form. A large, golden figure of Kwan Yin stands behind the Altar, with Her Hands outstretched over the Lotus Flame, and both the pilgrims and the Brothers and Sisters whose love is deep and sincere are often privileged to see the curtain of maya part and the living Presence of The Goddess of Mercy officiating in Her Temple.

As the Lords of Karma have asked Kwan Yin to open Her Temple of Mercy to the Great White Brotherhood and those of mankind who choose to avail themselves of Her invitation from February 15th to March 14th of this year of 1953, all the blessed students who wish to enter the purifying essence of that Flame of Mercy and Compassion are invited to turn their consciousness toward this Retreat before

entering sleep at night, and whenever possible during the course of the day.

Her particular Gifts are for the release of the Women of the Race from pain and the sufferings connected with childbirth and for the redemption of those who have fallen from the purity of their natural estate.

All those who desire peace and unity in the home life may receive from Her Altar some of the Sacred Fire which is the Sanctity of the Home and, through this-again-the Brotherhood will bring the Golden Age of Freedom, not only to China, but to all the race, in every nation and every continent.
