FOREWORD

"One of the Qualities so necessary for your personal unfoldment is the cultivation of Happiness. When one is sending forth that vibration it forms a magnet over which other God-Gifts may flow into his world, and then going forth to bless the masses. All Cosmic and Ascended Masters convey Happiness to all Life as They pass through the Universe.

I humbly suggest that you partake of some of the buoyancy of Life, as you practice the expansion of Happiness everywhere you go, and on everyone, in simple ways at first and then in a more intensified manner, until you build a momentum of this so necessary Quality of making ALL LIFE HAPPIER as a result of your presence with them.

A happy person is welcome everywhere he goes, and the radiation of welcome is that of Love. This is not a "surface" blessing but one which enters into and adds to the Cup of Happiness which each of you carry within your blessed hearts.

I just wish to add a personal note, in that YOU have added to the gathered momentum of Happiness in My Being, and from this Fount, truly do I bless All Life."

DEDICATION

This booklet is lovingly dedicated to the "seed" of God-Happiness which naturally abides within every human heart and to the Beloved Ascended Master, Lord Ling, God of Happiness. It is the decree of God, the Infinite Cosmic "I AM" Presence, that this "seed" shall be nourished, developed, expanded and bear manifest fruit now, in the beings and worlds of all the evolutions, in the Earth, on the Earth and in Its Atmosphere.

To this end, Lord Ling, God of Happiness, Fun Wey, (one of His many assistants) and the Cosmic Spirit of Happiness from the Hearts of Helios and Vesta NOW direct into your feeling worlds that Happiness which you have sought all through the centuries. Thus this Cosmic Momentum expands that "seed of Happiness within you until you have become the full, manifest expression of Divine Happiness which can never be interfered with or destroyed by human creation of any kind!

The world today, with all its restless peoples, requires the God Gift of Joy and Happiness. Accept the opportunity of being a radiating center from whence that Happiness flows into the emotional, mental, etheric and physical strata in which mankind abide.

Open yourselves, dear readers, to the Radiation of Happiness, Let that Happiness, through you, fill your homes, worlds and affairs. Then, on a larger scale, that Happiness will truly add to the Joy of the World!

THE BELOVED ASCENDED MASTER  
GOD LING

I

Beloved Friends of Light, you who have sought Happiness for many ages, you - who, especially in this western world, have even been assured the right to pursue Happiness through your laws -- today I have become the Pursuer and you are now the pursued!

I shall endeavor to draw into the activity of the atmosphere of Earth the buoyancy and the vibrant Joy and Happiness which is in the Ascended Masters' Octave. I shall use your inner bodies and your physical vehicles to direct the pressure and the power of Happiness - first into the student body; then into mankind at large; into imprisoned life everywhere and into every focus where shadows still remain, - bringing the inner and outer vehicles into harmony with their own Christ Selves.

Beloved Ones, Happiness is a most positive quality! It is a vibratory action which must be sought out and practiced by the outer self when that outer self has sunk below the Natural vibration of the Holy Christ Consciousness. Happiness does not just happen! Happiness must be cultivated through the control of the thought processes; through the control of the feeling world; through the control of the process of memory and through the control of the physical vehicle as well.

It is time now for all people and for the student body as a whole to come into the vibratory action which alone can bring World and

1

Universal Peace! It is time now to accept within the cells of your inner vehicles that vibration which it is My privilege and honor to bring. I represent the Guardian Power of all the Happiness that has been drawn forth and radiated upon this Earth, as well as in the Ascended Master Octave and in the Angelic Kingdom. Every being (Ascended and otherwise) who radiates the power and pressure of Happiness, adds to the sum total of that full gathered cosmic momentum which it is My responsibility to direct back into the soul of this world, as well as into the individual souls of men.

Will you not help me now by trying to tune up your mental bodies to the receptivity of the idea that serving God and your fellowman can be a joyous experience - a way and means by which you may balance your own Karmic debt to the Universe as well as lighten the load of your fellowman? Will you not cooperate by opening your feeling world to the acceptance of a buoyancy and joy within the feelings, so that I may use you as a conductor to carry My radiation forth into the inner bodies of the race? Will you not let go in your etheric bodies of the memories of past failures, disillusionments and depressions?

We have come - various Members of Our Brotherhood, time after time, in an endeavor to persuade you to let go of the accumulation of the ages which you have drawn around yourselves; yet you hold so tightly in mind, in feeling and in memory to those very vibrations which keep you in unnecessary limitation.

Open yourselves, beloved ones, to that pressure of Happiness that We bring, and just like

little children let go of that wall of resistance which is between you and Ourselves! What do you expect, dear ones, when you come into Our Presence? How much do you honestly expect within your hearts that you are going to receive? How deeply have you plumbed the recesses of your outer consciousness for the realization that the Flame of the Master's Presence is a pressure of energy which can and will requalify the vibratory action of your vehicles permanently -- if you choose to accept it!

Because you do not enter the marble gates of the temples of the East - because you do not stand in your physical bodies in the magnificent splendor of Darjeeling --- the outer self takes a rather lethargic view of the "communion" between God and man. In this lethargy, the shell around the outer personality is such that very little of that which might be given can penetrate through the free-will barrier.

Yet that human resistance is not a conscious activity. It is more an unconscious acceptance of things as they seem - an unconscious acceptance of memory wherein you think promises were not fulfilled (but which are chiefly due to human resistance) - so that the soul has become bogged down with the acceptance of the fact that life, for the most part, will proceed on an even tenure, progressing with no great rapidity to freedom! Now let us change all this! You are in the position of leading men and women from darkness and bondage into a Promised Land of Freedom and Light. I know that position well! I have gone through the experiences! They are written into My heart. By reason of those experiences during My incarnation as Moses I forfeited My Own Ascension at that time. I let a

sense of rebellion, a sense of worry, a sense of over-responsibility to My charges, through those forty long years as we journeyed in the wilderness, overcome the natural buoyancy of Happiness in My association with God and the Angelic Messengers Who walked before us as a Pillar of Fire by night and the Pillar of White Mist by day.

At the close of that long and arduous mission (exodus from Egypt) though My eyes could see the glory of the land toward which I had led the reluctant feet of My followers, toward which I had prodded them, pushed them, and persuaded them for long, long years, I did not enter then into that land - but I have asked that I might come and, by bringing the remembrance of My Own experience to you, that I might help you to avoid the necessity of postponing your Eternal Freedom by completing in Happiness that which you may wish to do for duty's sake!

In those ages of which I speak, almost all of you were present - some of you were among the bands of Israel; some of you are among the household of the Pharaoh; some of you were Egyptians of title and some of you of slavery status. I was raised, you remember, in that embodiment in comparative peace and luxury as an adopted Son of Pharaoh's household. Then there came a restless stirring within My heart as the feeling of a mission caused Me to renounce the idle life which I lived in the Pharaoh's court.

During the time that I retired to the desert I had the great experience of having had the mist of maya taken from My eyes and I was enabled to see for a moment within the flaming pillar of Light one of the Angels of Lord Michael's Legions.

From the lips of that Angel did I hear those words of God which were to send Me back to bring a reluctant people upon a dangerous journey with very little proof except the Faith in the reality of My Own experience to go upon.

I was at that time a timid man! I had, as you have been told, a certain impediment of speech and was neither eloquent of tongue nor by nature and soul designed to be a leader of men. I did beg of the great Lord of Hosts and the great mighty Infinite Source that someone else in My place should be given such a mission to accomplish. Those of you who are familiar with the text of your Bible know that although the mission was accomplished through My life-stream, through the mercy of the Law My brother Aaron became My mouthpiece and through his strong words the message of the Most High was conveyed in a positive consciousness to the people of that era.

Beloved ones, we were individuals like yourselves; individuals who had perceived a portion of the Divine Plan as the folds of maya parted - we were individuals who worked with our own Karma not yet transmuted. With a vast host of untrained and discontented lifestreams, we set forth upon a great and hazardous journey - and it was not long before the pangs of hunger, the heat of the Sun, the discomfort of walking through the desert sands began to pall upon the outer bodies of the people and the personal desires of those whom I had brought from the comparative safety of their chains made them wish to turn back. Again, again and again through the assistance of the Cosmic Law, miracles and marvels were performed to bolster their Faith ..... They were fed with the manna; they were given fresh

water....Yet no sooner was My consciousness directed upward for that contact with the Godhead which was essential to prepare those who would follow after Me - no sooner had My Consciousness raised up - no sooner had I entered in communion with the Lord then back they went into those practices and vibratory actions which they had accumulated through the centuries!

As the years passed and as I endeavored to keep that contact with the Lord of Hosts and endeavored to write upon the records of the day those Commandments and those fiats which were to be the foundation for the Jewish Dispensation and that two thousand year cycle - as I endeavored to do that and keep these undisciplined people from returning again only to be "swallowed up" into the imperfection of the past, I lost My sense of patience, My sense of buoyancy and Happiness and I became as an individual who had lost the true way! I was told later, by our Angelic Guardians, that the journey which took us forty years to accomplish could have been completed in seven years or less if we had not had the doubts, the fears, the grumblings and all of the vibration which represented the condition of the inner and outer vehicles of undisciplined men to handle and which was too much to sublimate in a short period of time without the conscious use of the Sacred Fire of Purification.

So, beloved ones, after that embodiment - when Joshua walked before the individuals who had accomplished the journey into the "Promised Land", I had to re-embody and learn to live in love and grace in order to complete My pattern and to fulfill God's Will in mastery!

Many of you know that I was privileged to enjoy the radiation of the Beloved Buddha, as His friend and disciple, Amanda, whose great power of magnetizing grace and radiating its essence raised all around Him into a like state of bliss. In that association with Lord Buddha, in that close communion with His heart and soul and spirit, I was enabled to finish the course of My life upon this Earthplane.

It was at that time that I took upon My shoulders the full responsibility of the Chohanship of the Fifth Ray, holding it through My Consciousness until the beloved Apostle of Jesus - Paul (Saul of Tarsus) took it over. It is always My great honor and privilege, whenever given opportunity, to direct to the founders and students of religious orders of every kind the FEELING of that happy, joyous energy which is essential for their salvation. Even though the mission may be accomplished; even though the work may be well done; if those cores of unhappiness within one's own vehicles are not transmuted and raised - somewhere, someday, sometime, at inner levels or on Earth - one must learn the law of grace, Happiness, love and joy in service!

There is as much difference between Happiness and giddiness as there is between Light and darkness. Happiness is a very positive quality but its possession demands the absolute control of the energy which flows through the lifestream. In the expression of the opposite extreme (which borders on hysteria) the individual has no control and the consciousness knows not exactly what it will do from moment to moment.

Mankind, experimenting with the development

of Happiness, so often come rather into that state of "giddiness", let us call it for lack of a better name. Now, that is a dangerous state of consciousness and one against which I wish to warn you as you experiment with the drawing out of a joyous feeling from within yourself!

You can recognize the vibratory action of anyone who is in masterful control of his energy by the buoyant radiation of perfect Happiness which is always poised - always in control of the words and actions which can create fun, joy and Happiness for others at no one's expense. Then you have the uncontrolled activity of "showing off", shall we say, which causes energy to vibrate but the consciousness has no poise and very often the barbed word, the unkind gesture, and mimicry result. This is an INVERSION of Our Divine Activity of Happiness.

In this room there are none who are so undeveloped as to draw that Flame of Happiness through them and find themselves becoming hysterical. However, in your dealings with the mass of mankind, when you wish to radiate Happiness, be very careful as you expand it into an individual or a group, because it has an activity within it that will often stir up the uncontrolled emotions and thought patterns of the undeveloped. So, be very careful with your invocation of that Flame of Happiness until you learn first how to draw it in, through and around yourselves in perfect and almighty poise!

Now you are going to have an assignment - a definite and specific assignment. If you were within any of Our Retreats you would be given an assignment a day and you would perhaps be given one by which you would have to produce a

specific effect. If you were not able to complete the assignment within the time allotted for the task, you would perhaps be dropped from the Retreat and would be obliged to return to the world. (Of course I do not mean that your assignment would always be the creation of Happiness).

You have had an assignment for eighteen or twenty years to use that Violet Fire until shadows no longer remained around you. Yet at the end of this period that assignment still remains unfilled! You are trying, true, but perhaps too hard. Now I am going to give you an assignment which I ask you to work upon for a week (seven full days). I am going to ask you to control your four lower bodies and see if you can keep them in a vibration of undisturbed Happiness. That does not sound like such a large assignment, does it?

Now, how are you going to keep happy? It will be a wonderful project for you thinking about it alone, because if you can keep yourself happy for a week, when the masses come to you for the exodus from their chains, you will have a momentum builded. If I could have kept those people happy after I got them out of the confines of Egypt, I could have taken them in seven years or less into the Promised Land! If I could have kept Myself happy, I perhaps then could have kept them happy - do you see? Thus, you may reap where I have sown and while I wept bitter, salty tears at seeing those who had worked under Me go past Me into glory and into the fulfillment, may you stand with smiling faces and move with your phalanx into victory!

Now, keeping happy, beloved ones, is not a

foolish idea. It is a discipline which is going to call to your attention the tremendous laxity with which your consciousness has dealt with your lower bodies and the tremendous tenacity that those lower bodies have to act independently of your self-conscious direction! Wait and see! Tomorrow morning you will think of Me even more powerfully than you are thinking of Me today! Now! if you can keep your mind free of one thought that is worrisome, critical, doubting or distressing, you will have done a lot. If you can do that for five minutes, and then if you can do it for seven days, you can do it forever! Now watch your mental processes when you awaken! It may not be too difficult until you contact your first human being. Then -- watch out! Watch the reaction of your mental body and you may see a cause for unhappiness, because that discordant thought emits vibration and color and adds to the shroud which weighs down your energies.

Then...watch your own feelings. Watch your feelings under pressure and you will see what your feeling world still has within it when it is crossed. If you can keep your feelings happy, whether you have your way or not, for five minutes under pressure, you can do it longer; and if you can do it for seven days you will never go back to a state of allowing your feelings to become turbulent because of any appearance. If you can keep the mind from turning backward to the etheric memories of injustice - this is something that the student body does not indulge in because you are so busy - but individuals that have a great deal of spare time and allow the mind to turn back and dwell upon past events, add so much to the unhappiness of today through the memories of the past.

In the Ascended State it was My desire to reach through to mankind and show them something of the experiences that the soul goes through after passing out of the body when they are Earth-bound; when they become Sleepers. You will remember that, in the thirteenth century, through the kind offices of the Italian poet, Dante, I was enabled to free that soul sufficiently so that he could bring back some experiences and write them on the Book of Life for man to see. Mankind, however, took them just as a beautiful piece of literature and few realized that it was My endeavor to waken the souls of men while their bodies were still usable, so that they could prevent similar conditions from taking place in their lives.

Now, beloved ones, in this Activity, if you will with Me draw the power of Happiness into mankind's experience. We shall endeavor to anchor that current of radiation into the mental and feeling worlds of the student body which it must have! Physically, too, you may have conditions which require certain control so that you do not feel depressed by them. Once in every twenty-four hours I shall come, with your permission, into your auras, individually, and look upon your accomplishment along this line of that period. We shall see what seven days will bring! Expect Me daily and I hope that My coming will give no sense of strain; no sense of self depreciation nor of condemnation, if you don't have a perfect record. I hope that you will not brush aside My offer, because it is an important one for you in the service which you are yet to render.

Thanking you for your kind and willing cooperation in helping Me to spread Happiness to ALL!

Address by  
THE BELOVED ASCENDED MASTER  
GOD LING

II

Dearly beloved Children of Light! I am come today through the gracious Love of the Great Cosmic Law to bring to you the vibratory action of the buoyancy of joy and Happiness which is within the use of life. The feeling of God-Happiness is the feeling which you all had originally, when you first came forth from the bosom of the Eternal Father-Mother God and knew yourselves as individualized consciousnesses, with the power to think, feel, speak and act.

When within that glorious "I AM" Intelligence you felt the first stirring of life within your own mental and emotional bodies and when you realized that you had been endowed with the Father's infinite gifts of life, (especially that gift of your use of free-will), the first vibration to register within your auras was that of Happiness -- Happiness in the realization that you had been given the gift of individualization! With such realization came the feeling of great joy in knowing that, through this gift of Divine Love, you had become a co-creator with the One Eternal Father-Mother of the Universe; co-creator with the Seven Mighty Elohim of Creation; with all the Ascended Beings is to ever widen and expand the perfection of God and His Kingdom.

Thus, dear ones, you dwelt at Inner Levels for aeons of time in great innocence and Happiness. You knew no disappointment of or disillusionment in the use of life; no matter in what Sphere you dwelt -- whether it was the First

Sphere of Faith; the Second Sphere of Illumination and Wisdom; the Third Sphere of Divine Love; the Fourth Sphere of Purity; the Fifth Sphere of Science and Truth; the Sixth Sphere of Ministration and Peace; or the Seventh Sphere of Invocation of Rhythm and the Divine Alchemy produced by the use of the Violet Transmuting Flame of Cosmic Christ Mercy, Forgiveness and Compassion. In these Spheres you knew naught but victorious accomplishment. Therefore, the feelings of buoyancy and joy of life were strong within you!

#### All Came Here In Happiness

So, in Happiness, you applied to your Source for the opportunity to embody upon this dear planet. In loving gratitude, you received this Gift and so came to Earth through the gates of physical birth for the express purpose of manifesting and expanding the glory of God right here.

Your own Beloved "I AM" Presence provided you with perfect and beautiful physical forms in which you were able to sustain and expand the perfection of life on the surface of this planet where unascended humanity dwelled and where you took embodiment to serve. You were shown how to take a Divine Idea; fashion a beautiful thought-form from it; then hold it in your mental body and nourish it with your feelings until it manifested as a lovely jewel, a flower, a song or perhaps a lovely Temple of Light. Whatever picture was given into your consciousness which you wished to bring into outer manifestation, - just naturally you had the Power to bring forth direct from the Universal. Here, again, you were filled with the feeling of Happiness through the experiencing of victorious accomplishment!

In the sight of God, that is still your Divine Heritage...It is a part of your original Divine Plan and is the reason why, in the consciousness of all those who are awakening from the soul-sleep of the ages, there is the feeling that "something is missing" from their worlds. That which is missing is the sustained feeling of buoyancy and absolute certainty of God-accomplishment, right here in this world of form.

#### First Awareness of Disappointment

In the many long ages which followed after your coming into embodiment, you lived - experiencing the Happiness and full Perfection of God's Will for you. It was not until later, when you eventually accepted the radiation of the feelings of discord created by the "laggards" from other Stars, that certain limitations made themselves manifest in your experience because of your acceptance into your world of those shadows from others. It was then - and then only - that you first began to qualify your life energy with the feeling of disappointment. That happened the very first time the Perfection of your Divine Idea (which had been released to you by your Holy Christ Self) became blurred by the imposition upon it of the shadows in your thinking processes. Your feelings then pouring into that distorted image did not rush forward in the joy of conscious mastery to fill that form with Light.

That was when you first began to experience the feeling of unhappiness. This feeling, being of too slow a rate of vibration to keep you in conscious connection with the perfection of your Source, made you feel a sense of separation in consciousness from your own God-self. After many

ages of profitless living, the Wisdom of the Great Cosmic Law found it necessary to decrease the flow of primal life into your body, mind and world which, originally, had been given into your keeping for constructive creation only. Therefore, your "Silver Cord" was gradually diminished in size and thus less and less of that glorious primal life flowed through you. Thus the shadows expanded and expanded -- your creations became more and more imperfect. It was then that you entered into a compromise with the outer world of appearances. The result was that your energies began to slow down through the acceptance into your four lower bodies (physical, etheric, mental and emotional) of the feelings of discouragement and lethargy; rather than the positive feelings of Creative Power with which you originally had been endowed.

#### Importance of Attention

Now, beloved, the four lower bodies upon which you are presently working so industriously to purify and raise, are constantly absorbing the substance of the Realms with which they are connected through your attention. For instance, your etheric body is, by nature, a magnet and when the consciousness is raised to the Ascended and Angelic Hosts, that etheric body will draw into itself the radiation of the Higher Spheres of Light. Conversely, when the attention is turned outward into the world of destructive human creation, it will draw into itself the feelings and manifestations of discord which are in the physical appearance world. This effluvia is then imposed upon and wedged in between the tiny electrons of God's pure Light as they endeavor to spin around their central core in the atom. This slows down their vibratory action..

Remember, dear ones, within your etheric bodies is the record of everything you have experienced from before the time of your first embodiment here to the present. Thus there is registered in your etheric bodies every constructive as well as discordant thought, feeling, spoken word and deed you have ever seen, heard, felt, spoken or done during your embodiment in this physical appearance world; together with all your glorious experiences at Inner Levels between embodiments and all the victorious accomplishment of every Ascended Master which you contacted at Inner Realms; which radiation of perfection you absorbed into your etheric body in which you abided in the Inner Realms between embodiments. This is especially true where your lifestream had worked with Those Ascended Ones while They were still in physical embodiment here before Their Ascension; or after Their Ascension, when you worked with Them in your finer bodies while the physical slept; or when you were serving Their Cause in the Inner Realms between embodiments.

#### Greater Faith Because of Great Purification

You, together with the other lifestreams in embodiment today who have come to a point of illumination where you at least believe in Cosmic Beings, Ascended Masters and Angelic Host and in the ability of a God-free Being to speak through one in unascended form who has been prepared to receive Our words, -- you today have been freed from much of the accumulation of this psychic substance of discord of the outer world. Were this is not so, your mental bodies would be so closed and locked against the vibratory action of the Ascended Host that for you We have no reality at all.

Think of the millions of people who dwell in large cities and yet the student of the Light in those places who believe in Us represent just a mere "handful" of people, as it were. However, you know that your four lower bodies are much more purified than the mass of mankind because of your faithful use of the Violet Flame all through the years, and for this we are so grateful.

This purifying activity of the Violet Fire is much more scientific and exact than any of the so-called "sciences" in your outer physical world today. This law is not only based upon but is actually God's Truth in itself!

This instruction is simply the Law of Energy and Vibration. Energy which is Life is the body of God Himself and is everywhere present. Vibration sets that energy into action. The rate of vibration at which energy is caused to move determines the type of manifestation it will produce. So, it is simply a matter of consciously governing the rates of vibration at which you allow your life to express; raising or lowering it by your attention upon that which you wish to draw into your world. Dis-ease and distress of every kind (physical, mental, emotional and financial) are produced in your world by allowing your energies to vibrate too slowly. On the other hand, the Perfection which comes with God-mastery of your own life constantly flowing into and through you, can also be produced for you by keeping your attention upon the constructive activities and qualities of life which bring to you God-mastery. To this end, We (the Ascended Host and All Who serve with Us) are ready and willing to give to you at your call (through radiation) Our feelings and actual substance,

qualified with Our masterful feelings of victory. In order to be able to serve you thus, We must have your attention rhythmically upon Us for a few moments each day, as your attention upon Us is the Open Door into your world and gives Us entrance into your energies there. Giving your attention to us and Our perfection every day, together with your faithful daily use of the Violet Transmuting Flame, will keep the vibrations of your physical and inner bodies vibrating rapidly enough to repel the slower rates of destructive human consciousness.

To have the benefit of the full release of perfection from your Holy Christ Self, you must speed up the vibrations of each of your four lower bodies to their highest possible potential. Your emotional body is the largest of your four lower vehicles, for it contains about eighty percent of the energies of the outer consciousness. It extends the farthest out from the physical form and therefore is the first one which is touched by the energies of the outer world. Ofttimes you feel the pressure of emotional irritation long before thought itself is able to distinguish from whence that feeling came; whether it came from your own world or the world of another.

#### Mantle of Light - Protection and Magnet

The protection one receives from the use of the Mantle of Light is so important here as Its Presence shield one's world from the destructive creations in the atmosphere in which he or she must move in this octave. This Mantle of Light is instantly and perfectly formed about you when you call to your own Beloved "I AM" Presence to do so. Were you to remain wholly harmonious

thereafter within it, that Mantle of Light would be an invincible and eternal protection to you. However, since you have complete use of your God-given Gift of free-will, you may qualify energy any way you please. Then when you are inharmonious in thought, feeling, spoken word and deed within that Mantle of Light, it is broken through and you are again vulnerable to those destructive creations made up of the lower vibrations of distress about you.

Your Mantle of Light is not only a protection but can also be qualified as a magnet of Light which will draw to you any and all good you may require to make you able to fulfill your Divine Plan more easily and express more of the glory of God's Kingdom here on Earth. Please experiment with this, dear friends! Stay with the project of magnetizing one particular God-virtue of expression until it has manifested through you and your world.

You may also intensify your protection by calling to enfold your outer form in the luminous Presence of blazing white Light of the Beloved Jesus, Myself or any other Ascended Master. This not only protects you from the discords in which you move, but it also increases your feelings of mastery and acts as a magnet to draw to you the good you desire and require to fulfill your reason for being.

Always remember that the "drive and power of the human will alone may bring temporary accomplishment for you, but that will not be permanently sustained! However, you may freely express any God-virtue or perfection you desire by calling to the particular Master Who is the victorious embodiment of that Virtue and, at your call, He or She will fill your emotional body (feeling

world) with His or Her Grace and feeling of that Virtue so that, thereafter, that Grace and Virtue become your own! In this way, you more quickly build a pressure of the feeling of that God-virtue from inside yourself which will radiate forth to the mankind of Earth - especially those whom you contact directly.

#### Develop Feelings of Sustained Happiness

In general, mankind are a very unhappy lot!! If you could see from Inner Levels as We do the tears which flow and the cries and feelings of despair which radiate from just one large city in one day, you would know more of what I mean. Mankind has sought Happiness along every avenue of emotional indulgence and pastime; in mental and physical impurity, but - there is no permanent Happiness for any lifestream until one finally comes again before the Throne of his own Divinity and humbly makes the complete surrender of his outer self thereto; until he asks the Father of Life to illumine him as to his reason for being and allow his mental body to receive the reply from his presence, which reply will likely flow forth as ideas and illumination to his outer mind. Then the emotional body should develop those ideas in loving, grateful enthusiasm; the etheric body should register them within its substance; and the outer consciousness, through the physical body, should make those ideas and instructions practical, bringing them into form which can be used for the blessing of all. We would appreciate it so much if you were to continue to call for the purification and illumination of the people of this planet and ask your own Beloved "I AM" Presence to make you actual radiating Suns of the feelings of God's Divine Love, Light and Happiness. In this way, any and

all who touch your aura (atmosphere) will be instantly and permanently assisted by the illumination of their consciousness which will release them from their distresses; illumining them as to the cause of those distresses and then, being shown the Truths of existence, they will be more easily able to accept those Truths and thereafter make conscious endeavor not to repeat those causes again.

#### Perfect Yourself on One Virtue at a Time

Decide just what particular God-virtue you wish to embody, dear hearts, and then stay with the drawing forth of that Virtue until it out-pictures through you and you have become an example of that Perfection to all life. For instance, if you wish to embody the God-virtue of Happiness which it is My pleasure and privilege to release into your worlds while you are reading My words - THINK UPON THAT VIRTUE OFTEN and, through your own Beloved "I AM" Presence, - call to Me to give you My feeling of its reality and use to lift the weight of discord from yourselves and from your fellowman.

Think often of the feeling of Happiness which fills your own "I AM" Presence whenever It recalls that this is your last embodiment here and that you will soon be coming Home into Its Heart - to go out no more! Think upon the feelings of Happiness of the Beloved Sanat Kumara in His recent freedom from His exile of millions of years upon this dear Earth. Think also upon the Happiness of His Beloved Twin Flame, the lovely Venus, as well as the Happiness of Their people when at last Their Great Lord returned triumphant to His Own Star! Think of the Happi-

ness of the soul when it is freed from the heavy garment of flesh which it has worn so long!

Please, dear friends, stay with the expanding of your feelings of Happiness consistently for, let us say, just seven days and see what wonders it will work in your own world and environment. Your ability to hold the peace against the outer pressures of discordantly qualified energy which you contact from day to day will determine your mastery over your emotional (feeling) world. Be alert against allowing to act in or through your world, the feelings of sudden anger or depression; also, do not allow yourself to resurrect from your etheric body (memory world) the hurts, seeming injustices, disillusionments and disappointments of this life alone - let alone those you have previously lived! Permit entrance into your mind only of those pictures and ideas which will increase your capacity for Happiness and which will enable you to bless the life you contact with harmony and peace; thus also increasing your capacity to hold the Immaculate Concept for all you meet. This is not easy, because for ages your blessed senses have judged according to appearances.

Now, won't you please let Me help you to arise into the dignity and mastery of feeling which completely controls those four lower bodies? So often We have seen the students making application in such a haphazard manner, endeavoring to cover too many points of mastery at once. It is far better to stay with one application until one has mastered that particular virtue. As a result of so doing the feelings of confidence and victory which would enter those four lower bodies would be the reward in themselves for the endeavors made.

When the thought and feeling world of an individual are filled with the vibrations of heaviness and depression which are always floating about in Earth's atmosphere (especially in large cities) can you comprehend how much of that psychic substance is drawn into the four lower bodies, through the magnetizing power of one's attention?

### Insulate Your World Against Discord!

I am sure you have all had the experience of leaving your home feeling perfectly well and happy. Then, upon stepping out of your home and, perhaps just walking down the street or entering some public conveyance, suddenly it seemed as though you were enveloped in a cloud of some unhappy pressure of energy which feeling was not your own for you did not know its presence until you contacted the world of others.

When this has taken place, it simply means that the electrons within the atoms of your various bodies have been slowed down by the very weight of this pressure and your whole world is thus uncomfortably affected. Should such a thing happen to you in the future, just square your shoulders and, holding yourself in a positive attitude, call again silently for your Mantle of Light protection and use the Violet Transmuting Flame up, in, through and around you within that Mantle of Light Protection.....Of course, if uninterrupted harmony were to be consistently held within that Mantle, such Light would be an invincible and eternal protection to you so that such "tramp" thoughts could not enter your world.

You see, it is much easier to bar the door

to your consciousness and protect it by the use of the Mantle of Light than it is to get rid of such "tramp" thoughts once they have gained entrance into your consciousness.

Your Mantle of Light can be of tremendous assistance to you by holding free from the discord of the outer world all the substance and energy of your four lower bodies which must live, move and have their being in the lower atmosphere of Earth at this time. Then the energies within that protective Mantle of Light may be qualified with any God-quality you desire. You may ask your own Beloved "I AM" Presence to completely saturate all the energies of your world with any God-quality and make you a radiating center of Its Presence and power to all you contact. As We have said, in addition to this, you may call to some Ascended Master to charge your world with His Own Consciousness, feeling and full-gathered momentum of that same quality (for instance, call to Me for the quality of Happiness; to Beloved Jesus for the qualities of Peace and Healing; to Beloved Kuthumi for Illumination and Understanding, etc.)

For a long time, you have been calling forth and using your Mantle of Light as a protective field of action - as a "negative" activity shall We say - protection from the impact and intrusion into your worlds of the lower and astral realms of this planet. Now let us use it also as a "positive" radiating center to carry forth to mankind from your worlds the gifts and blessings they require so much. Thus you become a Sun of radiating Christ-virtue, right here while still unascended. Then watch your feelings and do not allow them to go off on a tangent from their assignment of holding and radiating Happi-

ness; for because of long habits, of themselves they may choose rather to play with those feelings of rebellion and resentment.

### Moses Visited by Angel of Unity

You will remember that, after leaving the Egyptian Court, I spent much time in restless wandering in the desert. I seemed unable to fathom either the reason for that feeling of restlessness within My heart or to realize the real purpose for My being. One day, the Great Cosmic Angel of Unity (Beloved Micah) visited Me in the desert. There He parted the human veil for Me and enabled Me to understand the commands which were given Me as to how I was to go before Pharaoh and His Court to demand the release of the Israelites from their bondage in that land. I was not only amazed but somewhat frightened as well for, in that embodiment as Moses of which I speak, I was not eloquent of tongue. Right there I fell to My knees and said: "O, Lord of Life! Send someone more qualified than I to persuade the might of Pharaoh!" Yet, through My acceptance of the Truth in Beloved Micah's tremendous message of the hour, that the true Name of God was "I AM" ("I AM" THAT "I AM"!) I was filled with sufficient strength, courage, and power to return to Egypt and utilize those powers which were Mine. So, through the assistance of the Great Angel Micah and My use of His instruction in the performing of the various miracles which are chronicled in your Bible, the chains of slavery were loosed from those people and we were able to leave the land of Egypt.

Until we had travelled quite a distance into the wilderness, I had not realized that

those Israelites did not come with Me because they either believed My vision or because they thought I was a Messenger of God. I found that they came out with Me because they saw no other way out of bondage!

So, when the Israelites came to the place where the blazing Sun heated the desert sands so that they blistered the soles of their feet and when we came to a place where the vast multitude had neither food nor water, I knew what it meant to feel the resentments of the reluctant energies of the people and thousands of voices crying out in disappointment, (feeling that they had been deliberately misled.)

During those times when I was the target for so much of their resentment and rebellion, I knelt often before the Lord of Hosts and prayed for assistance with all my heart. In answer to those prayers and calls for help, the water sprang forth from the very rock itself as you have often read and manna fell from Heaven! Thus were our physical needs immediately and satisfactorily met and we were all able to survive.

Beloved Micah told Me that we were to spend some time in the wilderness, preparing for our entrance into the Promised Land. To this end, He instructed Me to ascend to the top of Mount Sinai where I would receive from God the Law by which to govern these people. When those who were willing to accept this purification and spiritual instruction were ready to enter the Promised Land, they would then come with a greater realization of the Truth of the Word of God; acceptance of His reality and a desire to worship Him only.

At the command of the Angel Micah, I obeyed and ascended Mount Sinai where I received and recorded upon the actual rock which was there, the Law for that cycle. While I was thus engaged, right back into the thoughts and feelings of the world of form; the flesh-pots of Egypt and the worshipping of idols which they had known, went My blessed people again!

Today, you stand at about the same place as I stood then. There are more than three billions of people in embodiment on this Earth today, chafing under the chains of sorrow, sickness, lack and limitations of every conceivable description and all calling for relief from their distresses. Were you to suddenly loose them all from their chains, after a short while you would know what I mean when I say that you will remember Me and My experience in the coming days! When the weight of the shackles is taken from their wrists; when they are able to stand erect again; and when the greatest of the discomforts are alleviated, THEN WILL YOU SEE JUST HOW FAR THEY WILL GO IN PLEADING FOR SPIRITUAL ENLIGHTENMENT!!! Because I know so well the tendencies of the outer human consciousness, I come to you today to offer My assistance in advance; so that where I suffered much, YOU NEED NOT - if you will heed My words and give Me opportunity to assist you.

If you will so invite Me, I shall move with you and bring you victory, beloved friends, helping you to be poised and controlled in My feeling of Happiness, as you henceforth begin to create and endeavor to sustain an atmosphere of Happiness about you at all times.

By daily attention upon first your own Beloved

"I AM" Presence and then Myself, magnetize the feeling of Happiness, dear friends. Every personal victory of the Master Jesus over the limitations and distresses of this world contributed a radiation of Happiness from Himself, not only to His own life but to all the life about Him - His Mother, His disciples and then radiating out to bless all life.

Think of the Happiness of the lepers whom He made whole again; of the so-called "dead" brought back to life again by His use of God's Resurrection Flame. All such feelings are just energy qualified by the very essence of Joy. Since "like attracts like", those feelings arise and are drawn into the Sphere of Happiness which it is My honor and privilege to guard; directing its substance and feelings to any lifestream who will call for them. In this Sphere is contained the feelings of Happiness of the Angelic Hosts and the Laughter of the Gods (Ascended Masters and Cosmic Beings).

Have you thought upon the Happiness of every lifestream who has been given the Ascension under the dispensations which have been granted by the Great Cosmic Law, having rendered during their embodiment here on Earth certain impersonal service to life to the best of their ability, through the giving of the tremendous "freeing decrees" for some years past? Some of these lifestreams left the Earth for the last time from bodies which were wracked with great pain and suffering. Would that you could know of their feelings of gratitude when they knew themselves to be eternally free!

The carefree laughter of every child on Earth and the joy from every soul to whose Happiness

you have contributed in your personal associations - all of that energy has come into Our Realm and become part thereof. By your faithful and loving service to the Cause of Freedom all through these many years, you have made much life happy - not only here on Earth but in the Higher Realms as well.

Just think for a moment of the joy which is felt by the Beloved Alpha and Omega when you sing your loving gratitude to Them in your song to the "Great Central Sun"! Many who now sing those words had never even heard the Names of Those Great Beings before!

You have also made your God-parents happy - Beloved Helios and Vesta in your physical Sun. Think of the happiness in Their hearts when you are cognizant of Them and send Them your sincere feelings of gratitude.

Do you realize that you have added, too, to the Happiness of Beloved Saint Germain, Jesus, Mary, Morya and all Who are serving together to raise Earth into Freedom's Star. Now We would like to reverse this procedure and give these feelings of the actual substance of Happiness back to you, qualified and amplified by Our feeling of that God-virtue!

Remember! When your inner bodies are completely happy, your physical forms will be buoyant and luminous expressing perfect health, eternal youth and beauty. You see, the physical body is but the repository of all the vibratory action of your inner bodies. Therefore, if you are sincere in wanting to be an exponent of eternal youth and beauty and the Magnificence of the Divine expression of Perfection

of your own God-self, PLEASE REMEMBER ME!

Keep your mental body alert to refuse acceptance to some "tramp" thoughts or feelings of discord, should they come knocking at the door of your consciousness for admittance. These may be just something floating in the atmosphere; they may come from a friend; from the radio, from television or newspaper! Be alert and give admission to your world only to that which will keep you happy, free, buoyant and poised in God-mastery at all times!

In the Name of the Most High Living God "I AM"; in the Name of all Life which has ever contributed to the Cosmic Happiness of creation since the beginning of time, I now pour My Happiness Flame through the beloved students of Light who desire to radiate God-Happiness to their fellowman. I now pour My Happiness Flame through their physical, etheric, mental and emotional bodies and, since all life is one, I pour My feeling of Happiness through them into the people of Earth as well. According to your acceptance of this blessing shall it manifest for you in daily expression.

Just know that I shall hear your every call and shall happily answer it instantly with My feeling and Flame of that Happiness which

"I AM"

Lord Ling

God of Happiness

GOD LING BELOVED

God of Happiness, God Ling Beloved,  
Welcome to our hearts today.  
By Your smiling Presence now remove  
Every shadow from our way.

CHORUS

God Ling! God Ling! God Ling!  
Happiness You bring;  
Make Earth feel Your Presence -  
Making every heart to sing!

Master, Teacher, Friend of our Fun Wey,  
Teach us all Your mastery too;  
Teach us how to let God's love hold sway -  
Making joyous all we do.

Let Your buoyancy of love release,  
Fill our worlds with sunshine bright;  
Help us walk the Pathway "Home" in ease -  
Grateful! Making all things right!

Let Your consciousness of victory won,  
Lift the strain and stress from all.  
Every gift of love from out the Sun  
For You, dearest Friend, we call.

On the Release of The Cosmic Flame of Happiness

I am come in the Name of that Great "I AM" Presence Who directed Me many, many centuries ago to return into a realm of bondage and bring forth a certain people whose Causal Bodies, whose Light and whose very life were such that they might be woven into a magnetic center to draw certain Cosmic assistance into the planet Earth and to channel it into the mental and feeling worlds of the people at that time.

I am come in the Name of the Cosmic "I AM" Presence, the individualized White Fire Being from whence your own "I AM" Presence has come into existence and I am come in the Name of your own individualized Presence Whose voice you have not heard for too long - Whose activities have not stirred within the outer brain and mind consciousness for long ages but Who is now coming again through your intellectual acceptance of It into greater and greater supremacy, through the energies of your worlds.

I am come this morning to gather together again a magnet made up of individual souls with thinking and feeling consciousnesses, who can and will offer themselves to draw those spiritual radiations which are a part of the Kingdom of Heaven into the realm in which mankind presently abide. You are, therefore, conscious, step-down transformers of radiations of harmony; radiations of peace; radiations of faith and love and balance and power - in so far as you

become master of the energies of your own inner bodies.

Beloved ones, from the time that the great Supreme Source of All created the first individualized Presence and that Presence sent forth a wave of Happiness, feeling and individualization - from that time onward there has been builded into the Body and Nature of God and the Universe more and more of the quality of Happiness.

Every individualization, when it found the capacity to think to feel, to say "I AM" - to take primal Light and weave out of it perfection - that individual contributed a burst of Happiness for the opportunity to be a co-creator with the Universal First Cause! Every accomplishment that the individualized "I AM" Presence made, gave another reason for Happiness to pour into the energies of the individual and as thought and feeling - cooperating with the Divine Idea - were precipitated as a magnificent pattern, such as a beautiful flower, a glorious song, again was a wave of Happiness released through the individual who developed the idea and released it to the Universe. In addition a wave of Happiness was in like manner released by every one who benefitted by the receiving of that beauty, whether it was looking upon a lovely flower or whether it was listening to a magnificent song; whether it was reading some beautiful phase of truth - all contributed to this greater and greater impetus of Cosmic Happiness at Inner Levels.

Now, beloved ones, when the Ascended Master - when the Archangel - the Seraphim - the Cherubim, or the Angelic Host serve, the buoyancy in Their energy is a natural outflow of Happi-

ness. So through millions and millions of years, the longer those Beings have served, the more Happiness has been expanded through Them into the world around Them.

Therefore, when We speak of the Kingdom of Heaven as being a Kingdom of Happiness, We speak truly, because all therein is joy in the use of Life. Now in this Realm of Happiness and Bliss to which the souls of men aspire, there is so much of this vital energy which can be utilized for the people of Earth that We have thought it possible, through training your mind and outer consciousness to magnetize some of that exuberance of spirit into - first, all you blessed friends who comprise the student body and then, through you, to all those constructive souls in the orthodox channels who are given the great opportunity of setting mankind free.

Now, what are you doing this moment - you who are here and you who read My words? Through your thoughts; through your concentration upon Me; through your feelings; through your etheric envelopes and through your flesh forms you are magnetizing a sea of vibrating qualified energy, which is the laughter and Happiness of the Angels and Archangels; which is the Music of the Spheres; which is the Victory Experienced and Radiated through the Consciousness of Jesus Christ, the Lord Buddha and every Being Who has used Life, Triumphantly. So you are beneficiaries today of a magnificent Cosmic outpouring of that happy energy.

Those of you who have lived and worked with various Avatars and Masters throughout the ages will feel the release of the particularly qualified energy which was part of Their mission

and which has become part of the Kingdom ascending with Them in the Glory of Their Causal Bodies!

Now that Happiness comes back along the Seven Rays today because there is always a great Master Presence, or a great World Teacher representing each of the Seven Rays, watching your progress. All of that God-qualified Happiness that dwells in the Ascended Master Realm is flowing now to you and all dedicated souls, aided by those seven facets of force for the relief and release of the consciousness of mankind which will eventually free them from the sense of labor by the sweat of the brow and service by duty and heaviness of spirit.

Now please accept that, beloved friends of Light; accept it within yourselves! You have done well, exceedingly well, in the control of your thought processes, keeping your consciousnesses as free as possible from depressing thoughts - thoughts that let in vibrations which would and have formed a shroud of human creation around you. You have turned away consciously many times in the course of a day from a thought that ordinarily would find a good home and much care within the compass of your mental bodies.

When one starts upon the Spiritual Path, the first part of the activity takes a great deal more energy than later on when you come into control of your vehicles - because the natural rapidity of the motion of the electrons that make up your atoms will be such that it will deflect all lower vibratory actions as long as your conscious mind and feeling self do not allow your inner bodies to "play" with that discord.

Now, I explain this to you, repeating it again

this morning, because I want to give you a visual example. Our Beloved Master Saint Germain has said He wishes to give you as much visual help as is possible in order to assist you in coming to an acceptance of the Freedom Flame. For this purpose, I will use three of the substances that are in common use - coal, wood and paper - and let you see for yourselves the action of the Flame upon the three. We will first take the very dense substance which you know as coal. Now, the vibratory action of the electrons as they move around the atoms that make up the substance of coal is very slow and very, very little Light radiates forth from the electrons. Therefore, when you expose the coal itself to the Flame, you do not have as a result the immediate igniting of that substance. In other words, this coal is representative of the mass consciousness of mankind and in its reaction to the physical Flame (a lighted match) you have about the same reaction to the Sacred Fire by the people of the world to the higher teaching.

Next, We will take an activity which perhaps would represent your constructive orthodox people, namely the wood .... In wood the vibratory action is more rapid. There is more Light in the electron; the wood itself is lighter than coal, even physically, and is more susceptible to the absorption of the radiation of the Flame, yet even wood, which We will compare to the consciousness of the constructive people of the world, does not respond very rapidly to the action of the physical Flame nor proportionately to the Sacred Fire.

Lastly, We will take the activity of paper which is the closest We can come at the moment to a visual test of pointing out to you the vibratory

action which your own inner bodies would at present show. The electrons that make up paper vibrate more rapidly than those of wood. It is also lighter in weight from a physical standpoint - there is greater space between the electrons there is more light within each atom and, of course, we know when we apply the physical Flame to it, we immediately have a blaze.

Now, beloved ones, through these illustrations I wish to point out the various consciousnesses you will contact in your mission of spreading the knowledge of the Sacred Fire. You beloved students drawing the power of the Sacred Love of the Sacred Fire form the impetus that will light the great constructive orthodox world and later the unbelieving world at large. If sustained, by the lighter radiation of the students who magnetize the Flame, this Endeavor can eventually illumine the great heavy Earth Itself.

Now, beloved ones, think that through thoroughly that you may get the picture and get it clearly. Here We have the Immortal Flame of God Almighty: We call It the Sacred Love of the Sacred Fire of the Ascended Master Saint Germain. We have within this room a handful of people representative of the Light within the paper. As We draw the power of Happiness into the vibratory action of that paper (representative of your consciousness) it would ignite the consciousness and the feeling world of the constructive people who are represented by the small pieces of wood. If you sustain the activities, the radiation from your class work, you can have a world conflagration eventually. This is the activity the Ascended Master Saint Germain desires to make of Earth a Freedom Star - to bring It back again into a self-luminous planet in our system which radiates

Divine Love and Light and all of the powers from within the Heart of the Sacred Fire into the realm of mankind. But, if the student body's inner consciousness is as heavy as the coal, if they are as dense, through depressed feelings and thoughts and etheric memories as the wood; if they are not conductors for this cosmic radiation, there is NO way by which We can reach the masses.

Considering the short distance from Egypt to Jerusalem, some of you have wondered why I said the journey would take seven years, why this shorter length of time than the forty years mentioned in your Bible. I want to explain to you - those of you who may be interested in the exodus - that when I was privileged in the heart of the desert to contact the consciousness of My individualized "I AM" Presence, the great Archangel Michael had sent His Own beloved Son, the beloved Micah, to give to the Jewish Dispensation the same Cosmic protection which Cherubim Lovelee now holds for this present Activity.... (In the Seventh Ray Dispensation - Lord Micah has succeeded Cherubim Lovelee). That great Micah was the focus of Cosmic Union (which was the purpose of My mission) and He came to unite the consciousness of the Jewish race once more with the One God. When beloved Micah stood within the burning bush (as you have heard described) from within that bush I heard the voice of the Presence, the voice which said "I AM THAT I AM"! At that moment I was filled with that infinite radiation which comes when you realize and feel your own Presence! From that moment on as I returned into the land of Egypt. I received the assistance of the beloved Micah and all the Higher Powers that worked there. They helped Us to draw together that mass of people who were

chafing under the bonds of slavery - under the whip of the Pharaohs - and under the discontent of the lot which was theirs.

These people had been for some time part and parcel of Egypt; they had forgotten to a great extent the original teaching of the One God; many of them had accepted the idolatry and the Egyptian way of life in their hearts and in their feelings. With certain persuasions and certain so-called miracles they were drawn out of their bondage and slavery but they were by no manner of means ready to be the magnetic power to form a new world movement. I was directed, after removing them from Egypt, to draw them together as closely as possible in an endeavor to teach them to become a magnetic power of Light as I ascended Mount Sinai. It was meant to take, according to the Cosmic Law, seven years to bring forth a specific God-instruction which was to form the heart of the Law for the two thousand year cycle; even now as We are bringing the Law to you and you are writing it down far more easily than I did then - I had to chisel every letter of the divine instruction that I received upon the hard rock. You write so easily upon your typewriter; with your pen; on your lovely stationery, you do not know how difficult it was in those times not only to write upon stone those instructions given but it seemed often that the hearts of the men with whom I was working were as hard as that stone - discontented with their lot, desiring to return to the "fleshpots of Egypt" and not eager at all within themselves to accept the fuller truth which it was My privilege and honor to bring.

So it was that I ascended Mount Sinai. Every time I was enabled to enter into communion with

the infinite "I AM" presence, there would be discontent within the ranks of the people who had come with Me and who were to form the magnet for God's endeavor. That is why we remained for those long forty years doing that which might have been accomplished in seven ..... That is why I also remained with them and suffered their many petty jealousies and selfishnesses; also how I lost My own patience and My own God-control, in anger at My fellowman. That is why, too, (in that embodiment) I lost the opportunity for the full freedom of My Ascension. When I came again I was determined within Myself that I would try to bring Happiness into the world and lives of those who serve God!

You see, beloved ones, I was raised in the house of Pharaoh. I was raised with a certain occult background, a certain spiritual understanding of the Law and then, through a misunderstanding I spent many years in the desert. but I did not forget the beauty - I did not forget the easy way of living that prevailed within the Pharaoh's court. And in those years after We had proceeded across the Red Sea and after We had entered the desert wilderness in those years I used to think with some bitterness, I must confess, that perhaps it might have been better for all concerned if I had remained in the Court of Pharaoh; continued My studies at Karnak, Thebes and Luxor and become a Master individually within the safe compass of those surroundings. (Of course those were the thoughts of my human self). Then the mercy of the Law allowed Me to embody as the disciple and close friend of the Lord Gautama Buddha that I could see how He made a renunciation far greater than Mine; for He renounced a throne in India, turning His back on all it represented and carried forth His mis-

sion with never a regret and never a backward glance; with never a wish or desire that He had not chosen the easier way of redeeming the people of the world from within the safe compass of His Own Throne. It was the balance of mercy of the Law that allowed Me, through association with the Buddha, to make right My Own world, My inner bodies and My flesh, which had to be redeemed before the glory of the Ascension could be Mine.

It is the same with you, lovely ones, whoever you are and wherever you move along the Pathway of Life. That which you do in the Name of God, you must do in joyous Happiness or you will have to do it again in the company of an Individual Who has already achieved that Mastery and find Happiness in service to your God. If you do not do it here - if your service is done in heaviness; if you find your load more pressing than you can bear, you will have to work out at Inner Levels that imperfection, etherically, mentally emotionally or come back and work it out physically. So, I ask that as this Flame of Happiness passes through you, as the concentrate of that essence and that mighty energy surges in a living, powerful and positive Flame, I ask that you allow your inner bodies - etheric, mental, emotional and also your flesh - to be "conductors" of the Sacred Love of the Sacred Fire into the outer world; then the constructive people in the outer world will project it and flash it again and again into the great masses who are still sleeping in the lethargy of the outer self.

Unto you, each and everyone, for your presence (even in thought) with us, for your comprehension of this Law and for staying with the activity of the Law; to you all - We give the Gratitude of Our Cosmic Hearts. Thank you so much.

## EXPLANATION

### OF TITLES "GOD" AND "LORD"

When a spiritually awakened lifestream, has finally fulfilled His or Her Divine Plan and gained the full victory of the Ascension, that One has become ONE with His or Her own God-Self and becomes thereafter a GOD of Creation also - then having full use of all the God-powers of Divinity.

If such an One, during the course of His or Her evolution in the world of form, has drawn about Himself and into His Causal Body an unusually great momentum of some particular Virtue of God-perfection (in God Ling's case - the Virtue of perfect Happiness) then, after the Ascension, that one is known as "Lord" or "THE LAW" of that Virtue or Quality. Therefore, our Beloved "Ling" is known -- both as God Ling and "Lord" Ling. In the Bible, the words "Lord God" refer to "The Law of God".
