Well Come! Lord Michael and the Heavenly Host

Shining Stars of Love and Light among The August Company dimly perceived by the spiritual eyes of the Few whose vision turns toward the slowly rising curtain of maya, are the Members of the Angelic Host! Arms outstretched! Hearts Aflame! Spirits pulsating with Celestial Fire! Bidding welcome to the more stalwart among the children of earth into that Sweet Association, Companionship, Cooperative Service and Worship wherein the Angelic Host, hand in hand with the souls of men, proceed reverently upon The Path to the Father's Home, and The Brotherhood of Angels and Men, presaging the Incoming Golden Age, stands manifest before the fleshly eyes of those who must confirm in form the Eternal Verities.

The Divine Word has gone forth! The Edict of the Eternal for Perfection, manifest through every electron of pure and precious life endowed with the opportunity to unfold its God Nature in this evolutionary scheme, must be fulfilled, and Those who embody that happy nature which loves to OBEY the Will of God are first to re-

spond. The Angelic Host! Companions! Guardians! Loving, Vibrant Centers of Radiant and Comforting God Virtue! are eager beyond words to come closer to their brothers and sisters of the human evolution whom They have, in patience, so long served!

The Guardian Spirits of the Race incarnate now in human form, some among them members of this very Kingdom, and others who, in the finer bodies of the inner life, know well the reality of the Angels, are among the first to whom the Angels come! These Guardian Spirits, embodying the strength, the love and light of such privileged association, shall—in time—draw back the curtain further still, through the endeavors of their own hearts' light, that mankind may, en masse, accept this glorious evolution, swinging through the more dense vibrations that form the ponderous progression of the souls of men, and which, by its very proximity, has sustained the opportunity for life and spiritual immortality upon a star, whose death garment, woven out of the essence of man's use of free will, had signified the closing of her Book of Opportunity in extinction, together with the hopes of immortality for its evolutionary lives. . . .

Friendship—human and Divine—is builded on mutual understanding, shared confidence, the sweet joy of blended energies woven into One Dream—One Vision—One Cause. To those who choose to share the companionship of the Angelic Host, to walk with Them, to gently pour the spiritual energies of prayer and evocation into a common Cup, the “communion of the Saints” is a “fact” and not a “fancy”, and it is to these Few that We bring the words within this book, with the Love of our Hearts and the offer of Divine Friendship from Lord Michael, Prince of the Heavenly Host, and His Workers in the Kingdom.

INTRODUCTION

OH, MY BELOVED:—

How grateful I Am that again, after the aeons of time that have contributed so heavily to the veil of separateness, We see the chasm which stretched so relentlessly between Our Realm and that of mankind being bridged through the self-conscious endeavors and the very physical energies of incarnate lifestreams—alert enough to PERCEIVE our Reality and loving enough to DESIRE to “make their way over” all obstacles into Our Presence!

Some men, standing on the brink of that abyss . . . looking hopelessly across its seemingly impassable void, conclude that after form there is “nothing”! And in their conclusion is some justice, for their eyes are dimmed to the faint outlines of the Eternal that shine in the distance . . . and they sense and feel only the hopelessness of the “dead end,” the finality of the journey, as the sharp cliffs drop abruptly beneath their weary feet . . . These people lie down in discouragement and pass from the screen of life to rest awhile in the merciful forgetfulness of the slumbers called “death”. Others, after bitterly cursing the compass of the heart that has led to the brink of nothingness, retrace their steps and find temporary satisfaction in satiating the senses and rebelliously stimulate

the drive of the soul into the by-paths that seemingly lead to “greener pastures.”

And the FEW. . . . Sweet hope of earth and joy of heaven! calmly appraising the situation, wait until their spiritual eyes are tuned to act for them in this new measure, when they—at last—can see the Further Shore—some distinctly, others as a mere outline of hope and promise—but once assured, these Few will bend the experiences of life, to fashioning a way and means of reaching THAT SWEET SHORE. . . . of crossing the abyss—on wings of faith, on the levitating consciousness, on projected vision, on the soul strength of one who has learned the way thither and the selfless renunciation of the way back. . . .

Whether these FEW climb down the precipitous sides, cast a beam of their own heart's light across the yawning depths, or weave a rope of thoughts or prayers or affirmations and cross thereon, they will attain—but from among the Few . . . again there are not often those who will return on the hazardous way. . . . The blessed lifestreams who offer so to do are the Bridge Builders upon whom we depend to lay the cables across which all men will one day receive the God Directions of the Free . . . and upon which they may, in turn, send the petitions of their souls. . . .

As this book is prepared for these FEW, may My Personal Blessing rest upon the heart and soul of all who read, and make of them such Bridge Builders, until the Angelic Host shall have a

Bridge of Light builded of the Faith, the Love, the Aspirations of the Sons and Daughters of men, and over this highway they may walk freely into the association with those who choose to take their hands, share their vision, and Worship God in Obedience to the Law of Harmony and Love, the Keynote of the Kingdom of Heaven

ARCHANGEL MICHAEL

EXCERPTS FROM
ADDRESSES OF LORD
MICHAEL, THE ARCHANGEL

The Open Door to the Presence of the Angels

From the Heart of the Realm of Cosmic Fire I bring to you My Love. Heretofore, I was required to send the Flame of My protecting solicitude and devotion.

The Gates of Consciousness—human and Divine—swing on the hinges of free will. No man, nor Angel nor God can enter the consciousness of another, unless he is bidden freely so to do . . . So, the Celestial Gates that open to My Home, My Heart, My World of Action have long been ajar—and the Magnetic Power of My Love has ever drawn your Higher Self within the compass of My Presence, when loosed for fleeting moments from the heavy bonds of flesh. Thus, in the Great Freedom and Loving Companionship of those sweet hours are you enabled to gather the enthusiasm and love of Heaven which will enable you to bring the Message and Fire of Heaven earthward to the sons of men.

But now—at last—you have opened the Doors of your outer consciousness, your hearts, your homes, your worlds, and I Am bidden enter! Can you see what that shall mean for all the sons of men?

The World of the Angels

The world of the Angels is a world of Love—a golden sea of pulsing, breathing, radiant Flame, with the Cherubim and Seraphim disporting Themselves in the living Heart and Bosom of The Father. The only pathway to the actual experiencing of Their personal presence is Love—but this Love must be clothed in great inner peace and tranquillity, as if your innermost being was a sea of blue water and your consciousness a lotus flower opening to the Sun of God, resting on the blue sea and pouring forth the radiance of Its Being. Dwelling thus in an inner tranquillity and poise, you may step on soft, reverent feet at any moment into the presence of the Angels, but the least emotional unrest or nervous tension closes the door temporarily to Their presence.

The Gift of Love

Is it possible in the fullness of God's Love to intensify the feeling of that love for any one part of Life? It would seem that such pressure directed toward any individualized intelligence would be, again, the separation of life into form! Yet, by the very nature of the magnetic power of The Immortal Flame which is the Identity of the Being—human or divine—without direction—that Love naturally flows toward the other part of Itself. As water seeks its own level, and as like attracts like, here and hereafter, so does the on-rushing substance of Love Divine find its completeness in the heart of the Beloved—unbidden by the conscious mind!

Ah—in the pouring forth of Love Divine—there can truly be no selfishness, for all the world is enriched by the radiation that bathes the Loved One in that Uplifting Presence, and the Beloved becomes a Fountain for the very Life of the Angelic Host, that—in receiving—such an one becomes, too, a transmitter of Love through the aura to all of Life!

So, now, as you receive My Love, know it is not only the Gift of My very Self to your sweet hearts, but also a Gift, *through* your sweet hearts, to mankind everywhere.

The Casual Body

I Am so eager for you to unfold the natural talents and capacities of your lifestreams. Once you look upon the living colors that make up your Causal Body and see the tremendous stored up energies that await release through your lifestream, you will be so tremendously encouraged. Those glorious momentums are yours to use at any moment when you are able to ACCEPT their REALITY as part of your Divine Heritage.

The Healing Melodies that were released through the dispensation of the Karmic Counsel are so beautiful. I Am sure we shall see some marvelous manifestations of God Light "riding into the physical world" on the currents of sound.

The Contagious Power of Faith

I shall, through the Love of My Own Heart for your Great Spirits make you FEEL the Love of the Angelic Host not only for you, but through you, to all life everywhere.

When the veil of maya first began to unfold from the consciousness of the mankind of earth, it was like a wisp of smoke—soon dissipated by the strong currents of Faith and Hope—and only to those of Us Who know the power of "contagion" did it presage a future menace to the souls of men evolving upon the earth. It has been no easy thing to witness that ever-increasing "fog" that finally shut away the visible Presence of the Heavenly Host and the Music of the Spheres, leaving the outer consciousness of mankind groping in the darkness of confusions which result from the thoughts and feelings of the mass of mankind.

It was when this first contamination of the innocents began, that I offered to become the Protector of the soul light in the hearts of men—the Defender of the Faith that keeps the spirit moving onward despite the appearances that seem to prevail . . . Century after century have I woven the energies of My Life into fanning the fires of Hope in the breasts of the evolving race, cutting away the weaknesses of the outer self, and BELIEV-

ING with all the energy and momentum of My Being, in the goodness inherent in every man.

In the full Freedom which I enjoy, I am enabled to watch the soul Light within the heart of this entire evolution, as well as the Angelic, Devic, and Elemental Kingdoms, and wherever the Light dims, the shadows encroach upon the happiness of the heart—there I AM, INSTANTLY! Without vision, the people perish, but I say also—without Faith—they cannot survive to the Eternal Day when the Cosmic Angel of the New Dawn draws back the remaining curtain of maya and all men see the Kingdom as it exists now—as it always was—and as it ever shall be—only increasing in Perfection with every pulsebeat.

Faith in God

I would like through some dear friends to convey the FAITH IN THE POWER OF GOD which is mine to give. A man who accepts this could walk on the water . . . could stand in the fire unharmed . . . could summon the dead to rise . . . the blind to see . . . the lame to walk . . . because all these appearances are resultant from Faith *conveyed* through feeling into a distorted image and given life by some lifestream . . . Thus can the life be withdrawn from such an image by One who has FAITH that God has greater power than the ignorant outer mind which created the shadow form in the beginning. Let us arise and experiment with this FAITH . . . and let Me show you what My Feeling in your Faith can do.

Magnetic Power of Faith

Do you know what is the Activity of Defending The Faith of an entire evolution—Angelic, human and elemental? That is My Service to Life in this Universe, and if that one Quality were removed from the consciousness of any intelligence, the cohesive power that holds it in form would immediately be neutralized and the individual identity itself cease to be!

There is a Magnetic Power of the Heart of God ITSELF within the Quality of Faith that draws to the lifestream that substance, activity, manifestation and form into which such an one invests the Faith of his own Life Essence. Man has had Faith in human beings, in systems of caste, in religious orders, in political machinations, in mystic talismen . . . and—according to the nature of THAT in which the Faith of man was voluntarily vested—did the lifestream reap a harvest of smiles or tears. . . .

Millions of unhappy men and women have Faith in the communistic doctrines promulgated by depraved human beings and, through free will, no man may deny another the power to invest his Faith according to his particular choice and design. BUT life . . . itself . . . through the long and relentless course of years and centuries . . . even-

tually teaches the consciousness of the Power of FAITH, the Discrimination necessary to determining wherein that FAITH shall be invested . . . and the HOPE that FAITH IN GOD ALONE will bring the nature and feeling and manifestations of God into the individual world of the one so choosing to BELIEVE in THAT SUPREME POWER . . . working through individuals, true . . . but THAT POWER! SUPREME! MASTER! ALL!

As this pulsation of Faith is an integral part of the life of every man, every woman, every child, it became My Service to GUARD that FEELING, even though invested wrongly, that the capacity to feel Faith might never die. This has been a large order, for man has experimented so with the feeling of Faith . . . in his long search for happiness . . . and so often reaping a harvest of disappointment, bitterness and tears, has sworn to “never believe or trust again” . . . And here . . . from the Octave of Light Eternal, I have ALWAYS ENTERED THE SCENE! Better to have loved and trusted and found the object of affection lacking, than not to have nurtured the capacity to trust at all . . . for the momentum grows, even in dis-illusionment, and one who is capable of “believing” when the strong shoots of his Faith are finally tied into God’s Own Blazing Heart makes a track of Flame over which the ANSWERS TO EVERY CALL may ride triumphant into the heart of the FAITHFUL ONE.

Faith is one of the most contagious of the Qualities of the Godhead.

The Angels' Feeling of Faith

I stand within The Flame of Immortality which is ALIVE within your physical heartbeat! I KNOW the power within that Flame! There is no other power that *could* act, except for your endowment.

Centuries of acceptance of "other" powers that limit, distress, annoy and bind, have builded momentums of fear and uncertainty into the consciousness and feeling world of the race. Man lives under the constant threat of the shadows of his own imagining—energized by his own feelings and magnetized by his own life back into his world of experience, a boomerang over which the thrower no longer has conscious control or intelligent direction!

The acceptance of My Faith in the ALL POWER OF GOD is the open door to peace of mind, purity of soul, and perfection of body and physical affairs. Man cannot accept this Faith by effort of human will, for this but intensifies the tensions that rise from effort to please and to become . . . Man can accept My Faith as he accepts the warmth of the physical sun, the refreshing breezes that restore vitality after the oppression of the heat of the day . . . I am as capable of transferring My Feeling of Faith in the All Power of God, as the

least of the sons of men are in conveying the feeling of annoyance or discontent. However, man is accustomed from centuries of sympathetic vibrations, to tune into the feelings of discord with which he is surrounded, and he must be trained to tune in consciously to the vibrations which He desires to manifest as a Teacher of men! To live with the Angels, first one must endeavor to accept Their Feelings, and then to incorporate those feelings into the vibrations of each hour's living, and then the sensitivity of the lesser to the Greater makes inter-change of discourse, of promptings, of nature, the natural activity of the daily life!

The Endowing Power of Your Faith

The conviction of the outer self as to the power of God to act INSTANTLY is what I desire, above all other gifts, to convey to mankind through *some one* who desires, as much as I, to conduct that Truth into the feelings of the people. The Beloved Jesus embodied that conviction in his entire ministry and approached every evil appearance with the conscious knowledge and confidence that there was no power that could act in the Presence of God. . . . Had he once acknowledged any other power, His Mastery would not have manifested . . . even over the appearance of death!

This realm of "psychic horror" is merely the creation of mankind's own distortions of thought and feeling. It is man made, not God made, and thus—thank the Lord of Mercy and Life—it is not eternal! Its very name implies its source "the psyche or the mind" . . .

Out of the realm of imagination, the individual wove the substance and form of every shadow that lives within the circle of his aura, upon the energy of the God-self. These are vampire creations, fed by the conscious or unconscious endowment of the soul. . . .

While the ten billion lifestreams that belong to earth's evolution are allowed to pursue their

individual and collective weaving of the veil of maya, we shall have a "psychic realm," no matter how constantly we dissolve the creations of each day, each month, each year. . . .

Whether wearing a garment of flesh, or functioning in the lighter garments provided for the sojourn between earth lives, the individual is endowing life with form and substance and power! Now, We are endeavoring to surround certain, chosen individuals with the Canopy of Our Full Gathered Cosmic Momentum of Understanding, Light, Purity and Faith, so that each such one may "find himself" without the pressures of the mass accumulations flowing through the Cathedral of His Soul's Aspiration! . . . hoping that the Feeling of the Power of the God Flame through the heart may be conveyed by the Free Sons and Daughters of The Brotherhood powerfully enough to become the predominant feeling of the aspirant. Faith is the most contagious of all God Qualities . . . and fear the most contagious of all human qualities.

If you will be so kind as to call for My Presence, and the Presence of the Angels of Faith, to enfold every lifestream who endeavors now to come out from the shadows of individual miscreations, we shall prove that those who "Trust in the Power of the Lord God" shall see manifest through their every experience the Supremacy of That Power. Man, eager and desirous of finding

individual security, safety, and peace, will come again to rest on the Bosom of That Presence Whom We love so well and Whom We live to serve—and to represent to life everywhere!

Instantaneous Response of the Sacred Fire

When one loves from the Flame within the Heart, that love endures through all the countless aeons of time, for that Flame is the only consecutive, eternal consciousness of any lifestream—here or hereafter! The longer We have loved, the stronger is that Flame, and the greater the momentum of its magnetizing currents that draw the consciousness and senses of the Beloved upward, away from the pressures that connect the outer self with the world of form!

Oh—when mankind learns what a joyous experience it is to LOVE for the very happiness of loving, with no thought of return, then will the evolution of the race proceed with great speed. . . .

The evolution of an Angelic Order is so rapid, the progress of the Divine Spark moving like lightning through the receptive consciousness of the Blessed Holy Ones, that it requires tremendous patience working with the slow moving mass consciousness of human kind. I like INSTANTANEOUS ACTION. Of course, I know nothing less in My feelings, but I have the advantage of seeing the Light go into action the instant the thought is coupled with feeling, and even if the outer substance moves slowly, it does not have that tendency

to depress that comes when one, working inside a flesh body, must depend on Faith rather than vision to see the Light LEAP FORWARD in answer to the call.

The Protecting Presence of the Angels

At certain points on the earth's surface there are concentrated tremendous spiritual currents. These spiritual currents are guarded by groups of the Cherubim and Seraphim. Through Cosmic Plan, these spiritual centers have been created and maintained to hold the balance of pure life forces requisite to sustain the solar system. At other points humanity has evolved great souls who have taken physical incarnation and, through self-conscious invocation, have drawn and established spiritual currents in the environment in which they have lived and loved and prayed.

From these spiritual centers, Light is constantly radiating in a manner similar to the physical sun and it is the privilege of the Cherubim and Seraphim to enfold these spiritual centers in Their radiant ring of protection to prevent them from being dissipated by the emanation of the earth people.

The more attention that can be given to the Cherubim and Seraphim and Their service in sustaining the God Currents, the greater will be the reserve of spiritual forces concentrated and emanating therefrom.

When the currents become intense enough, the human veil is dissolved and anyone entering

within these spiritual foci may see quickly into the Octaves from whence Perfection comes. This has been done at Lourdes and is often done in the Retreats when students are admitted into the Holy Ground which has not been defiled by human thoughts and feelings.

Master Power of Love

I always stand in such reverence and honor before the Magnetic Power of Pure Divine Love which is its own protection against intrusion of anything unlike itself, and is also its own assurance of the Presence, in exactly the perfect location, of every person, place, condition and thing within the world and affairs of the one who has become That LOVE INCARNATE.

By Love the Power of God externalized The Universe! By Love each Sun and every planet was projected forth, just "so far" and no further. By Love each system of worlds is held within its own orbit while the entire universe itself rushes forward through space . . . and not one small satellite is dropped from Its perfect place in that lightning-like sweep of the star-studded Mantle of God as all move toward a Destiny and Goal known only by The Father Himself, and intuitively felt by His Children who live but to serve in His name. . . .

In My particular and individual service to Life, I have enjoyed the protection and power of Love and have come to such a great understanding of what that little understood quality really means. It is MASTERY in every sense of the word. To enter the astral realm, at the call of life . . . I answer

the magnetic pull of Love (whether it is embodied in a prayer for the dead, by priest or people, or whether it is a call from the discarnate lifestream itself which pierces through the astral matter and is picked up by one of the Angels Who serve in this unhappy realm). When the call to My Life comes, it is *love* of Life or Comfort or Peace that prompts the call. I answer because I *Love* to fulfill My reason for being. I answer *by* the Power of *Love*, because it was *Love* of God that gave Me intelligence—free will—and an opportunity to grow in Light.

Through the light of My Heart and your Heart, We do create for you through this appearance world NOW a PATHWAY OF LOVE, PEACE, COMFORT, OPULENCE, ILLUMINATION and WELL BEING, physical, mental, emotional and spiritual! Will you FEEL the Light of your Heart creating this Path before you leave your room each morning, and walk in Way of the Angels—through the day—and in the same security as though you passed through one of the Rays which have been made a permanent pathway through the substance of the earth by the Masters?

Pathway to God

BELOVED CHILDREN OF GOD:

Do you know how I love you? Can you FEEL the Power of My Devotion to your life, knowing as I do, from this Octave, the limitations in which you are endeavoring to unfold Our God Plan? Yet, in Mercy, I must hold back the FULLNESS of that Love in order that your Own Light may expand and become your Pathway back HOME.

No man, nor Angel, nor God can make the Path on which the emancipated spirit rises except that One, because the Path issues out of the Heart Flame of the individual. I Am fortunate, however, in that the Cosmic Law has allowed Me to dwell within your Heart Flame, and so with every individual endeavor which you make to send forth the Pathway to your Freedom, I, too, send forth a Lifewave from My Heart and widen that Pathway by My Love.

If man could know that every step he takes through the journey of experience in the human octave and beyond the veil is created and prepared by himself, through the projection of his own energies out of the primal substance of his own Light, he would not build so many "cobblestoned roads" but rather the soft green paths

where his feet would find Comfort and Ease and Peace as he pursues his individual way.

I have come to make your Pathway easy, and as you are endeavoring to BE a Comforting Presence to Life, the Essence of your own life which pours out from your sweet hearts will create for you a beautiful Pathway of Light, and My Love will help you to melt every stone and obstacle long before you come upon them. Remember that My Life Flame flowing through your hearts can only flow when you make the initial impulse, lest I do *for* you what you yourself must do, to become a server in His Kingdom.

When I reach the side of a soul in distress, the Love of my Heart is a living stream of electronic energy which is My "shield and buckler"—My Ring-pass-not—so that I move in the world of shadow but *am not of it*. The Love from My heart holds the soul imprisoned silent and in his own orbit, until I can weave from the substance and energy of My Life the action of the Flame that sets him free. The electronic light (responding to My thought form and the command of My feelings) becomes the action of the Flame—sword or spear or whatever the requirement may be . . . and the response of the electronic light to My command is the LOVE in the universal light substance to obey! The shadows of lusts and passions that are the chains binding the soul and making it to writhe in agony,

close in the Light of God, and at My command . . . that imprisoned life LOVES to respond and throw off the mantle of suffering and become again the energy of perfectly expressed harmony . . . for the soul loves to be free.

You will see as you move forward LOVING your opportunity and your service how the hearts of men will LOVE to respond to your endeavors to BE a Representative of the Angelic Host at this time.

The Song of the Heart

WELL DO I HEAR THE VOICE OF YOUR HEARTS! Do you know that the Voice of the Flame within the Heart is clearly distinguishable to One who Loves you, even through all the Music of the Spheres which accompanies the joyous expansion of God's Creation. The Song of the Heart carries within It the melody of the Keynote, and whatever the message might be that is conveyed in the Voice of the Flame, even before We are aware of the content of the message, We are aware of the fact that Our Beloved is calling to Us and the Flame within Our hearts rushes to answer that call!

You have often heard the expression that "the heart sings" and this is *literally* true. In the particular service to Life which comes under My Direction, the Angelic Host is in closer contact with the mankind of earth than is usually the case, and those Angels who serve with Me are trained early in their evolution to listen to the messages of the heart, as They sweep through the lower atmosphere of earth, as well as through the astral realm. Then, they are enabled to answer the heart call with the assistance requested. My Angels are "heart attuned." . . .

When the inner consciousness is functioning through the physical body, the Voice of the Flame within the Heart becomes clear and distinct—especially through a chela who is conscious of Our Realm and knows how to send up the call to Us. When the body is sleeping, the heart flame just "hums" the keynote of the lifestream but no particular message goes forth. However, passing through the atmosphere, We are often attracted by the gentle music of sleeping human beings, recognizing the keynote that flows out from the body in this song, even as the soft colors of the feeling body make the aura around the relaxed form, and We often stoop to kiss the brow of such a sleeping one, who is not aware of Our Presence.

Now, as the attention of the students is being placed on the Power of the Sacred Fire anchored within the heart, We expect to hear that Voice of the Flame with Great Power, and We shall answer it with exceeding joy!

*The One Pointed Nature of Angelic
Consciousness*

Every Angelic Being belonging to the Court of Heaven and serving God through radiation embodies some Specific Radiation, Quality, Virtue or Positive Feeling which is One of the manifold expressions of the Nature of Divinity! Century after century—age after age—aeon after aeon—each such Being has drawn the stream of primal life essence which forms the core of the Individual Flame and qualified that essence with the predominant feeling of His Own Natural Virtue!

Mankind, unlike the Angelic Host, were originally designed to manifest a "twelve fold" nature, similar to that of the God Father and Mother of the system to which They belong. Thus you will see that the power of a particular Quality is much more concentrated through the Nature and Being of an Angel than even through the most advanced and matured nature of a member of the human kingdom, where the qualified energy fills twelve Virtues, instead of one!

The nature of the Archangels, the Seraphim, the Cherubim, and the Angels is ONE POINTED in the extreme . . . and They represent concentrations of Particular God Qualities which—like Suns

—fecundate the germs of like Qualities through the souls of mankind wherever The Divine Ones minister.

I Am privileged to represent the Cosmic Quality of FAITH in the All Power of the God that flows through and animates every physical heart, that feeds the soul of every lifestream, incarnate or discarnate, that belongs to this evolution. It is My privilege and opportunity to convey My Faith through the feelings to those who open themselves to My Presence and My Power. People have Faith . . . but it is *not* anchored in God . . . it is anchored in the shadows of their own creation. It is for Me to radiate Faith in God as the only power that *can* act. It is My hope that some among the human race at present will so invite My Presence that I may FIRE the consciousness with My Conviction and enable them to bear witness to that All Power, stimulate interest in His Kingdom, and bring that Kingdom through the outer consciousness into manifestation for this planet in these years of planetary change.

The Home of the Heart

I come, this morning, into the atmosphere of earth, from the Heart of Our Celestial HOME in the Realm of God's Own Purest Heart, to abide within My Home in Your Pure Hearts. Is it not beautiful, that in whatever Sphere we choose to abide, a Heart of Love awaits us to be the Chalice of Our Presence. How truly expressive is that expression of men—"Home is where the Heart Is!" My Home is where Your Heart is! And I know you shall come to know Your Home is Where MY HEART IS. . . .

My Heart is with the children of men, all over this small earth—it is with the dear souls in the realms that await incarnation—it is with the Sons of Heaven in every sphere—Truly, in Love—the UNIVERSE is the Home of One who Loves!

I have swept through the lower atmosphere where many earth-bound lifestreams have been struggling to free themselves from appetites and passions that have bound them, preventing their enjoyment of the higher Heavens, and in the soul anguish of such a spirit, felt an invitation to make My home within that straining heart! I have walked the dusty roads of earth, and found an invitation to make My home in the breast of

many a humble and despairing pilgrim on life's way. After abiding just a little while with them, they were able to find the anchorage of their own I AM Presence and go forward to greater accomplishment.

Ah, the Children of Heaven who walk the pathway of earth as Messengers of Shamballa are ever responding to the call of the heart light within all life—"Abide with me—" and always, We must answer! This morning I COME to Abide *In* you forever, and you must abide now in the life of all that call to you that Your Presence may give them life more abundantly.

Preparation of the Aura for Visitation

When it has been said that the Master, the Christ Self, or The Presence has been forced to temporarily "withdraw" from a discordant individual, I do not believe the full import of that has been impressed upon the outer consciousness. Any Being or Focus of God Intelligence who has become ONE with the Will of God has consciously dedicated ALL His Life Energies to fulfilling the God Plan. He has, therefore, voluntarily relinquished the right, so called, to animate or motivate discord for any reason whatsoever.

In the case of Those Who have signified to the Cosmic Tribunal that They are willing to tie Their energies into the hearts of unascended beings, it is, of course, impossible to ever again disconnect the lifestream completely, but the Master cannot remain within the aura of the Beloved unless complete harmony reigns. He, rather, *directs* His energy to The Beloved.

Your aura is determined by the length of the rays precipitated from your thought and feeling centers. Your sphere of influence is expanded by your self conscious activities in the Light. You can well see the responsibility of your great Hearts, for many people live within the personal

atmosphere of your mental and feeling worlds. When I am enabled to enter right into your bodies, and animate those auras from within, it becomes the Cosmic Wings of Light that has a planetary control of energy through Love Divine.

The Seven Archangels

	Michael	
Raphael	Uriel	Jophiel
Gabriel	Chamuel	Zadkiel

It is not the plan of the Archangels to abide within flesh forms, nor to bind Their Shining Spirits in the forgetful robes of flesh, in vehicles designed, created and sustained as suitable housing for another type of evolutionary spirit, whose Fire and Light are tempered to these garments.

When the Central Sun of a System takes the Cosmic Initiation and is vested with the power to create a Minor Galaxy (seven suns with their planets and satellites) three Evolutionary Intelligences are given an opportunity to develop and mature—the Angelic, the human, and the elemental.

The infinite details of drawing forth and peopling the various suns and planets is the work of a lifetime of recording, and could not be contained in the pages of a letter, but the over-all picture, perhaps, will help you. . . .

Those Intelligences within the Central Sun who form the Children of the Central Sun are known as the Archangels. They are already in

complete possession of the God Power of The Father-Mother of the Galaxy and They live to radiate the Light that fills the system and forms the effulgent atmosphere of God's Heart. When each lesser Sun is sent forth in the rhythmic out-breathing of the Central Sun (each rhythm taking countless centuries of time) Seven of the Archangels with Their Twin Flames go forth to become the Guardian Presence of all the Angelic Beings, mankind, and the elementals who will form the evolution of that sun and its planets. I (Michael) came forth with our present sun, together with the other six Archangels who form the Guard, not only of the earth, but the physical sun, the planets of this system, their satellites, and the Seven Inner Spheres which form the Heavens for this particular chain.

Coming from the Central Sun, it is within Our natural heritage to rise into the chains above Us, as occasion demands, and the Cosmic Highways into the Heart of Our System are open to Us at all times, whereas the lifestreams evolving toward perfection on the earth chain alone are bound by the periphery of the chain to which they belong.

With Us from the Central Sun came Our Own Guard of Honor, and countless legions of Angelic Beings whose Purpose in Being is to fulfill Our Will, which is one with the Will of the Father. Then, added to this countless legion, are the Angelic Beings who have "evolved" and are "evolving" from within the chain itself and who join

Our ranks from time to time, as the Liberated Members of the human race join the Great White Brotherhood. *As Sanat Kumara is to The Great White Brotherhood, so am I to the Angelic Brotherhood* (forgive the personal reference). The reason I speak of it is because the Activity of the Archangels is diversified in the extreme, covering the fields of healing, illumination, and protection, but the joining of the Angelic Kingdom to the Emancipated Brotherhood of Mankind is My particular service to Life.

As Saint Germain, through the Seventh Ray, will draw the Angelic Host and the mankind of earth into conscious cooperative action through the beautiful rituals of the Ceremonial Ray, you will see how We all work with This Plan, you from among the human race . . . I from the Angelic Kingdom . . . and the Beloved Saint Germain from the Ascended Master Kingdom—The Trinity again . . . in action . . . to fulfill God's Plan.

Besides the Angelic Host drawn forth by Helios and Vesta, who are evolving within the Inner Spheres, there are countless legions of Angels evolved through the Free Spirits of Those who are engaged in Cosmic Unfoldment . . . as Saint Germain's Angels of the Violet Flame, created and sustained by His Own Love and Light, and there are many God Created Angelic Beings of My Own household, drawn forth and sustained by My Love.

The Angel of Deliverance

I have been called "The Angel of Deliverance" because the Quality of My lifestream is an ACTIVITY that causes immediate freedom to manifest when It is accepted by the outer consciousness of mankind.

Through the centuries, I have been pictured sweeping through the distorted atmospheres in which imprisoned souls desired deliverance, and—through the Power of My Flaming Sword—I have released them from bondages of hell and purgatory into places of Light and Peace! This Activity is true and My service for twenty hours out of the twenty-four is engaged in serving in this astral realm, which includes the lower atmosphere of earth in which mankind incarnate function, as well as the invisible realm where the discarnates abide.

But, My service now is to train those lifestreams who have professed an interest in assisting to prepare the earth for its Initiation at the close of this twenty-year cycle, so that they may stop contributing to the chains and bonds that fetter the soul and blind the senses and smother the God Powers of the lifestream which must be called forth NOW to give assurance and confidence to the mankind of earth.

I can render this service through RADIATION where I Am invited to do so! The radiation of the Ascended Masters, Ourselves, or your individual Presence is as REAL as the Light and warmth of the physical sun, but man must "go to meet it" to enjoy Its Gifts and Powers. Man is so attuned to picking up the radiation and vibrations of discord, that it requires a definite application on the part of the individual to tune out of the vibratory action of the "world thought" and make himself receptive to the finer vibrations which We offer so freely, but to the one who will experiment with stilling of the self, and with the inviting of Our Presence, We will COME!

Into the deepest recesses of your secret and sacred hearts, I speak the Words of Truth!

In the beginning, We had One Consciousness which embodied the Truth of Life and the Love of God and the Power of Individual Creative Endeavor by which every idea and thought received was capable of externalization on the instant!

When you chose the path of incarnation, that Consciousness came with you, and in those early centuries we were no more separated than when we all dwelt in the Bosom of the Father of Light. Through the centuries, the veil of human thought and feeling entered your consciousness and finally the time came when the outer self was no longer cognizant of Our Oneness and Unity in Purpose, Design, Heart and very Being.

Can you then imagine My Joy as your present consciousness ACCEPTS ME—when again I AM allowed to bring the Consciousness which Is OURS, not Mine alone, to you. Gradually this will supersede the consciousness you have accepted of a human heritage and birthright and you will assume the glorious freedom of the Angelic Host and the confidence and power in your own momentum which will flash forth like FIRE and accomplish that whereunto it is sent.

How often you stand with Me in the Heart of the Inner Realms, and WATCH the FLAMING POWER OF DIRECTED GOD ENERGY as it flashes forth from My Heart, swirls around a lifestream caught in the shadows, burns away the tentacles of human creation, and frees the soul. Then, to one of the Angelic Host is given the joyous opportunity of taking the soul into Its Arms of Light and rising with It into a Sphere where happiness and freedom provide the spiritual climate necessary for the evolution of the soul.

EXCERPTS OF ADDRESSES
OF OUR LORD
MAHA CHOHAN

I want to speak, too, on the Kingdom which is so dear to My Heart . . . that of the Angelic Host . . . They who, like the Elemental Kingdom are voluntary exiles from the Heart and the Bosom of God.

They live but to love, and They know no unkindness. It is inconceivable for the consciousness of beings belonging to this evolution to accept the thought of gain at the expense of another.

When the Angelic Host was called forth after the Elemental Kingdom, Their service was to create a canopy of consciousness, which was the emanation and radiation of Their own Life and Light, over the lifestreams of the human race who were to embody upon the planet.

The Elemental Kingdom first created the planet in habitable form. Then came the Angelic Host, before any human being set foot upon it, and the nature of the Angel's evolution is very beautiful. Angels, like men, grow and mature and wax strong. When They are small, They just absorb God's Life and Light, in the same manner that your body absorbs the sunshine when you lie exposed to its rays, and that feeling of warmth and

well-being fills Them and then They may join a group Who are working with a Master—and the Master seeing the Quality They have absorbed sends such a group forth to a place where Their particular quality of Confidence, or whatever Quality is lacking in the lower atmosphere of earth is needed. These little Beings fly in something like your goose formation, with a Being of directive capacity at Their head, and Their efficacy in the service depends on how long They can hold that Quality within Them until the blessing is released and the location is bathed in that essence.

They are often taken to places to witness the service of Their elder brothers and sisters. Now let us take a service in a great Cathedral—not to go into a lengthy dissertation—a congregation made up of individuals in a great city. Through timing, the Master in charge—particularly Jesus at devotional services—knows when that group will be gathered together, and at the elevation of the Cup at every Service a group of these Angels is sent right into the Church. They stand in “V” formation with either a great Seraphim or Cherubim of mature proportion right over the altar, and then at the given moment when the Priest utters the sanctified words, from Their bodies They release freely, and in very great power, that Spiritual Anointing from Above. Now in the smaller churches throughout the city and country less experienced Angelic Beings gather and the

release is sometimes too rapid, because every angel has to work with the whole to make the tremendous power of ceremony as efficacious as Saint Germain in the future intends to manifest.

If I were to ask a group of chelas to breathe in and retain that breath, and breathe out at a given moment, each one's own development would determine if he could await the cosmic moment.

So the smaller Angels experiment in places where less numbers are gathered, but where there are great groups gathered together we send groups of the Angelic Host every thirty minutes to release the substance which flows down through the people. Above the Angelic Host are Mighty Devas who guard Our Temples and Churches and World Movements. They receive the life force much like the Beings in the Temples, and They hold that within Their bodies sometimes for five or six thousand years, and when you step into a great Church, you are just bathed in that sanctity and that holiness, and you take it away with you; but were such a Deva to release that force, your old Cathedrals, like Rheims, would not have the particular radiation they do now. Some of these foci go back as far as Atlantis.

Certain members of the Angelic Host have to learn that in the drawing of the substance is such joy and happiness, to regulate it carefully in its release, to weigh Their blessings and not to let them go forth uncontrolled, is to grow in Grace, in Power, in Light, and Mastery.

The Realm of Bey

Fair as the Morning Star that shines through the uncertain light between the dark and the daylight, is the glorious Realm of Bey. It is a great Cosmic Activity similar to the Love Star and occupies a place in the Solar System as a focus of the Power of the Cherubim and Seraphim.

In the Realm of Bey countless numbers of the Seraphic and Cherubic Host dwell and in the Heart Center of this Realm is a castle such as no fairy Prince ever conceived, and there dwells the Lord of Bey, Serapis, and His Mighty Brothers.

From this Realm there pulsates constantly a radiating power and pressure of Peace. The wings of your attention and the love of your spirit may take you there until you drink deeply of the Waters of Peace and find your outer garment an Open Door through which gifts from the Realm of Bey may flow to all.

The Seraphim

The Realm of the Seraphim is a Realm of Power and the Beings known as the Seraphic Guard are beings of tremendous physical stature and the most concentrated strength that the planet earth has yet known. Their faces and bodies are exquisitely beautiful, and there is a line in the chin that denotes tremendous strength and determination.

When the Seraphim are chosen to guard any particular Activity or individual They are like concentrated lightning. The angels who guard the entrance to the Garden of Eden are such Beings.

The Seraphic Host work closely with Hercules and they have always overshadowed the great men of power who have worked for good through the centuries.

The Seraphim and Cherubim are created from the Heart of the Solar Logos Himself. In His thoughts of Cosmic Life and Love They spring forth from the Flaming Heart of God as individual self-conscious life, and They are numberless.

You may visualize a Flaming Heart in the Bosom of the Great Central Sun and see coming forth from that Glorious Bosom the individual

Presence of a Seraphim and Cherubim. When the call of a self-conscious Flame of God goes forth, sometimes the Seraphim and Cherubim are newly created to fulfill that call and sometimes the already individualized Beings answer the fiat.

The Seraphim are great Beings from six to fourteen feet in height. They are the Guardians of spiritual forces and are always active with the Elohim in the building of planets and spiritual centers on various globes. They are more often masculine than feminine and They are impersonal in Their concentrated powers of protection. They move in groups of seven, which is always the number denoting creation and of each seven Seraphim one is the Leader who moves in the foreground with the three pairs spread out in the shape of a "V" behind Him. When the Seraphim move through the heavens or the earth sphere, They emit a white Light and many a falling star and shooting comet that has been recorded by science is but the speedy progression of a group of Seraphim through the upper air.

EXCERPTS OF ADDRESSES
FROM THE ASCENDED
MASTER SAINT GERMAIN

The Angelic Host and the Seventh Ray

As the Ceremonial Ray begins to increase Its Pressure through the lifestreams of those who have been privileged to "lay the foundations" for the New Order, designed according to the Will of God, the conscious cooperation between the Evolutions that are moving upward in a parallel rhythm will become increasingly evident to the spiritually alert.

The Angelic Host, delegated to the realm of song and story for the most part by the materialistic mind of the twentieth century, will again become an Accepted Reality, and the curtain of maya that has so long separated mankind from these Beautiful Beings who have been their unseen but ever-present companions and guardians through the centuries will be melted away by the love, the faith and the assurance of the members of the human race who are privileged to assist in this pioneering work of a spiritual nature.

Sensitive individuals are rising here and there who have the developed spiritual natures required to contact Members of this Kingdom, and they are

putting forth their findings in books and lectures which confirm to the students of the Spiritual Law that such a Realm and such Inhabitants do exist, and that communication with Them and conscious cooperation and service with such a Kingdom is not only possible but is, even now, a fact. Here and there, where such individuals or groups can be found, the first pulsations of cooperative endeavor between the Angelic Host and mankind are already setting a pattern which one day will be the accepted "fashion" of the spiritual day!

The following "excerpts" describe such an experiment, and may be enjoyed by any group or any individual willing to so prepare themselves that their life energies and their personal and collective harmonies are such as to warrant the coming of these lovely Beings into their worlds and auras, with the resulting stimulation of the spiritual nature of the human kind, and a similar practical progression which is afforded the Angelic Kingdom through association with the soul and consciousness of those ascending the ladder of evolution through the human kingdom.

The Coming of the Cherubim to Philadelphia

December 1952

From Celestial Heights of Perfect Peace, Beauty and Ever-Expanding Perfection of every kind, the Cherubim have come, to abide—consciously—within your auras, and to bring again that sense of Brotherhood between the Kingdoms of The Angelic Host and that of mankind!

In the early ages, when mankind first walked the earth, the glorious cord of electronic life energy which connected each one with the God Presence, was far wider than the physical garment he occupied, and This Light formed The Path between the Kingdom of Heaven and the Kingdom of earth, over which the directions of the Presence flowed, and across which the Angelic Kingdom and the Guardian Master could pass freely into the consciousness of the people and into the actual substance of the world of form.

Thus the glorious Bridge from the human to the Divine was world wide, and there was no separation and no disconnection between the world of God and the world of man. It is this glorious estate We are endeavoring to restore, and it is My particular joyous service to Life to bring, wherever opportunity affords Me the privilege of doing so, an understanding between the Angelic and

human kingdoms, and a loving cooperation in unified service to God and man.

I was enabled to secure the dispensation required to bring some of the lovely members of the Cherubic Hosts to dwell with you, with the understanding that once each month I would have to attend each one to see if it were kindness to allow the lovely Being to remain longer in such association. The Lords of Karma promise Me that if we prove successful in this experiment, that I shall be allowed the honor of bringing more of This Kingdom into the lower atmosphere of earth around the magnetic heart centers of Love which specifically qualified students may provide. We shall see!

You know We often smile at the casual acceptance of a dispensation, or a service rendered by a Member of Our Kingdom to the student body, who consider all endeavors to assist mankind consist of a mere “perfunctory wave of the Hand of the Master” by which—with no expenditure of thought or feeling—manifestations, miracles and marvels occur. Yet, this concept is at absolute variance with the training, discipline and self mastery that is required of Us to secure this Free Estate. Everything We do in any kingdom requires the use of Our concentrated faculties, the expenditure of Our vital Life Force, the contribution of Our creative centers of thought and feeling, and the dedication of Our attention and interest. Although it is a joy to be called into action and—in fact—even to be recognized as *capable* of per-

forming the services that are incorporated in your decrees, I cannot refrain from reminding you that "sweeping the Violet Flame through you" for instance, requires that Your Presence and the Master addressed, in courtesy and delight at the opportunity to serve, must stop whatever He is doing for a moment, and direct the energy of His Life to that service. Then, for the most part, the student is so delighted that he has "made the call" that he never thinks to thank the One who has oftentimes paused in the middle of a Cosmic Conference, or in the creation of a Star, to respond to that call.

For Christmas, thought I, I should Love EXCEEDINGLY to give the blessed chelas a particular gift of Love! Thinking of you, turned My attention toward your city, and with the Inner Sight I saw re-vivified the Beautiful Cherubic Temple. The Great Dome of the Temple was rounded and shone in the Light of the Spiritual Sun, and countless thousands of Cherubic Beings hovered around it, like lovely honey bees cluster around sweet flowers. Great ribbons of Light pierced through the golden atmosphere, and, like searchlights, poured out in every direction, and, along these ribbons of Light Angelic Beings walked—as you walk today along a path made up of the substance of earth. As I looked, Lord Michael came by, and He said to Me "What a beautiful sight! Why don't We ask if We might restore it through the student body?" "Exactly!" I replied—"this shall be Our Christmas

Gift from God to the students—if We are enabled to receive consent to do so at this time."

As you know, My service to Life is to bring the Angelic Kingdom and the kingdom of men together again, so I had a "reason" that was not purely personal for approaching the "Powers that Be" with this request. Prince Michael came with Me, and We were given the consent to render this service.

Then, I had to secure Cherubim *willing* to come, and *strong* enough to endure the experience, sweet (?) as it might be! Lord Michael suggested I take only Angels of the Blue Flame, as They are used to the strenuous activities within the astral realm and are more prepared to withstand the impact of the vibrations of human kind.

"No," I said. "I would like this to be a very individual gift, and I shall enter the Sphere within which the Presence and Christ Self of each of these lifestreams presently abides, study carefully the Light of the Causal Body, and secure a Cherubim which represents the Cosmic Quality and Virtue of the student and the Ray to which he belongs." This "survey" took Me no little time, but I enjoyed every moment of it, and from each Sphere, I took with Me as I proceeded on My journey, those little Cherubim which were to soon abide with you. We made a merry company, the Little Ones streaming out behind My person, enjoying tremendously the "visit" to the other Realms than the ones in which They had previously abided, for I had secured a Cherubim for each blessed one

whose Light was strong enough to step out of the old regime into the new. We rode in state, in a beautiful Chariot of Fire, to the Heart of the Sun to receive the Blessings of the God Parents on Our venture. So the "Little Ones" had a Christmas gift too, before I brought Them to you.

And here, They now abide! Dressed in lovely shimmering garments of living Light—They do not labour, They *shine*—They do not create, They *awaken*, and each one represents the God Virtue which is your particular service to unfold for the enrichment of the consciousness of all mankind.

I hope you enjoy Them as much as I have enjoyed bringing Them to you. They live on Light, and you should see the happiness and joy with which They enter the Sanctuary to be bathed in the radiation drawn forth in the class work, for this is the "nearest" They get to HOME! The more of the spiritual essence that is drawn forth in the groups, the stronger They grow, and They develop in size and mature in consciousness, just as children do. Will it not be a happy day to show Them so well grown by next Christmas when I must take them for a brief journey back to the Sun?

May I, as your Brother, express the gratitude and blessings of The Ascended Host of Light to you, individually and collectively, for offering Us an opportunity to expand the Light of God that never fails through the atmosphere of earth and into the consciousness of all peoples!

Little can the outer mind comprehend the Activity in Heaven that has been occasioned by your tremendous calls to Light and Life through the years, which has set into motion the Hosts of Light, who, obedient to that call, are enabled to render service to the earth unparalleled since the last Golden Age of Perfection.

It is one thing for the Sons and Daughters of Heaven to pursue Their Appointed Activities at Inner Levels, and quite another for the life within unascended beings to demand the more than ordinary intervention and intercession of these Beings on behalf of mankind and the planet itself. Every Master Power in the Universe has grown and expanded His Light to a far greater extent than the ordinary course of spiritual evolution would allow because You—Valiant Defenders of Light and Friends of Freedom—have demanded of Their Life certain outpourings which required that each draw, focus and direct more and more Light through Their own Lifestreams. Can you see then how you have contributed to the Evolution of the Heavenly Hosts? Can you sense then, how We love you?

And now, Children of the Shining Hearts, I Am privileged to bring to you the Cherubic Children from the Fire Temple, and here—this Holy Christmas Eve 1952—begins the first pulsation of The Brotherhood of Angels and Men, walking together along The Pathway to Freedom, contribut-

ing their joint energies to the awakening and freeing of mankind everywhere from all that limits, binds, curtails or distresses life. This is My Joy—My Honor—My Delight!

As the Seventh Ray increases in Its Power through the consciousness of mankind, the Worship of the peoples will combine the Three Evolutions,—Angelic, human and elemental. Tonight, We set that Spiritual Pulsation into motion in this visitation.

I know, Sweet Hearts of The Presence of Life Eternal, your FEELINGS as you accept The Divine Beings who have swept earthward in the train of Lord Michael's Great Aura, for one Christmas Eve—so long ago—I,* too, was entrusted with a Presence from Heaven, ONE whose Love was to redeem a world from death and sin! I, too, prayed within the recesses of My Heart, that as the Lovely Mary was delivered of This One, I might be found strong enough and pure enough and constant enough to BE the Protecting Presence of His Holy Innocence.

Well do I remember the heart pain that I had not proven worthy enough through My karmic bonds to provide a shelter of dignity and comfort for the coming of This One, and yet—in the exquisite radiance which presaged His birth—all was forgotten except the Peace and Holiness of the Light of Heaven and the Love of God. . . . So,

* St. Joseph! Jesus.

even the simplest heart and spirit, the most humble abode or tabernacle is graced with a Spiritual Light that transmutes it into Heaven's Heart, when God does choose to there abide!

When I received permission to endow upon your lifestreams, these Glorious Cherubic Children, how happy was My Heart, for I know—through Personal Experience — the sanctity and spiritual exaltation of living with a Wholly Pure God Being, and this I would love you to experience and enjoy.

The colors of your Causal Body were carefully studied, and the Flame Temple in which your Presence and Higher Mental Bodies serve was visited, and from these Temples I personally chose a Cherubim for you individually that corresponds with your natural color, tone and spiritual service through your own God Ray. For the past week these lovely ones have abided within your Higher Mental Bodies, becoming acquainted with the vibrations of your Spiritual Selves.

May I say that the Cherubic Hosts live in happiness, laughter and joyous peace. Do not take such personal responsibility as to make yourselves tense, because this is an unpleasant vibration to Their happy hearts. Do the very best you can, My Children, and I shall come once a month to see how The Angels fare in the keeping of Their brothers. If They are happy We shall ask for greater dispensations to bring more of Them earth-

ward and part the human veil so you may see the delicacy of Their features, the Radiance of Their luminous bodies, the perfection of their divine forms, the golden light of their curling hair, the heavenly spirit of their luminous eyes. . . .

A joyous Holy Christmas, children—and a blessed companionship with Heaven's Own!

SAINT GERMAIN
